For Fans of: **CASUALTIES, THE UNSEEN, BLANKS 77,
DEFIANCE, KRUM BUMS**, street punk, punk rock

One of the best selling and most revered albums in the street punk genre! *Until We Die* was originally released in 2000, and quickly went out of print the next year. In 2003, after obtaining master rights back, Mark Unseen's label A.D.D. Records did a repressing that went out of print in a matter of months. Today, the album is next to impossible to find, with the original cd pressing regularly fetching over \$100 on eBay. The vinyl format has been meticulously re-mixed and re-mastered specifically for the different formats, including limited 200-gram black (sold out) and 160-gram colored vinyl, and comes with a full-color poster foldout. We plan on another 200 gram re-pressing for late summer 2013.

Marketing Points:

- Back in print after 10 years of obscurity
- **A GLOBAL THREATS** best selling album
- Consistent best seller for the label

ASHERS is a hardcore/trash punk band from Boston fronted by Mark Civitarese, vocalist of the Boston-based punk band **THE UNSEEN**. Mark has been keeping busy for over half his life not only as the singer of The Unseen, but frequently lending his voice to other acts such as **BLOOD FOR BLOOD, REJECTED YOUTH, THE RABBLE**, and recently singing on **DEATH BEFORE DISHONOR**'s new album. Like a punk rock supergroup of sorts, **ASHERS** also features members of **CRASH AND BURN** and **DEADLY SINS**. Two of the bands members are also in the newly formed Metal/Hardcore band **TENEBRAE**. This vinyl debut offers up 12 tracks of anger, isolation, and frustration the likes of which haven't been seen since **The UNSEEN**'s *So This Is Freedom* album.

Marketing Points:

- Comes on 180g black & two other colors of 160gram vinyl, double sided full color inserts, and great packaging
- Features members of prominent New England punk and hardcore bands
- Massive amounts of great reviews in over 50 publications/websites

Dousing everything with gasoline and setting the world ablaze, **COMMON ENEMY** unleashes their fifth and most aggressive studio album yet. *As the World Burns* sparks 16 tracks of pure post-apocalyptic chaos, and good times to be had with friends while sitting back and watching it all burn. With influences ranging from hardcore punk to thrash metal, these songs ignite a spastic yet tight, matured new sound that is experimental yet familiar, screaming out pure passion and rage. This is definitely the soundtrack of mass destruction, so bring your board, your bong, your best buds (both kinds), spark it up, and thrash out with **COMMON ENEMY** as the world burns!

INFORMATION:

For Fans of: GREEN DAY, CHEAP SEX, MONSTER SQUAD, THE UNSEEN

After six records, 20 nationwide tours, and tens of thousands of records sold, **THE SCARRED** has become less a band and more an urban legend. Having embarked on sold-out tours with bands such as **CHEAP SEX**, **COCKSPARRER**, **STREET DOGS**, and **SKEPTIX**, they have are a force to be reckoned with. *Live Fast, Die Poor* reflects growth, maturity, and a refined sound. The record is a slight departure from the Punkcore Records era, with a more straightforward punk sound that disables any attempt to solidify them into a strict genre.

Live Fast, Die Poor is to **THE SCARRED** what *Mommy's Little Monster* was to **SOCIAL DISTORTION** or *London Calling* was to **THE CLASH**. It is one of those rare, band-defining albums." – AMP Magazine

Marketing Points:

- First full-length of material from the band in four years
- Completed three-month national tour in the summer of 2012 with **PINKERTON THUGS**
- Playing the popular Way Out West fest this April 2013

VIOLENT AFFAIR was formed in 2007 and oddly became an almost overnight top rated band in Europe. Before even having an official release out, the band spent a few weeks each touring with **SS KALIERT**, and **MONSTER SQUAD** among others. Immediately following their relentless 2007/2008 tour schedule they self released their debut studio album the *Armageddon* EP which was immediately picked up by German label Razorblade, and China's Kids Union Records, who also released their 2010 full length follow up *Stand Trial* in collaboration with Charged Noise Records in the U.S. The album sold over 3000 copies on CD before terminating their contract. The band continued to relentlessly tour the U.S with bands such as **DESTRUCT**, **THE UNSEEN**, **DIRTY MUGS**, and **HELLRATZ** among many others. Their U.S label debut 7" *Call To Arms* was released originally in April of 2012 and sold 210 copies in the first day of release. **VIOLENT AFFAIR** will be releasing their next full length for Jailhouse Records in April 2013.

Marketing Points:

- Recently embarked on a U.S tour with labelmates **THE SCARRED** and **PINKERTON THUGS** as well as playing various festivals
- Priced to sell and very high quality, thick, colored vinyl and full color double sided packaging
- Rabid fanbase both domestic and abroad, with plans on touring Europe in Spring/Summer 2013
- All over the news following the original release of *Call To Arms* due to the various escapades, bodily injuries, car crashes, alcohol consumption and more. Move over Gun's n' Roses— there is a new "Most dangerous band in America!"
