In 1983 **VERBAL ABUSE** recorded their seminal album, *Just An American Band*. Having moved from Texas to San Francisco in 1981 and subsided on a diet supplied by soup kitchens and whatever else they could lay their hands on, **VERBAL ABUSE** epitomized the term Hardcore. Theirs was a sound born of fury, born of righteous anger. This was hardcore in its rawest form, undiluted by the outside world. The band was the soundtrack to a scene still in its infancy, a scene that rallied and stood firm against the outside world. *Just An American Band* remains as a testament to a time when to be hardcore, you had to live hardcore. Anything else was unacceptable!

After more than 25 years of making music, and a full decade as a solo folk-rock troubadour, **TIM BARRY** presents his first ever concert recording, *Raising Hell & Living Cheap - Live In Richmond*. Unbeknownst to Barry, tape was rolling on the Richmond, Virginia homecoming show which wrapped his 2013 tour cycle, seamlessly capturing his set from start to finish. Featuring unretouched performances (from both on stage and the middle of the audience floor), spontaneous stage patter, and the crowd reactions to both, the release provides a palpable sense of being in the room that night, minus the mixed aromas of beer, whiskey, and the sweat of 400 devoted fans.

#### MARKETING POINTS:

- Captures the experience of a **TIM BARRY** show, including the artist in the crowd and the crowd in the vocal mix
- Poignant stories and comments to introduce what is essentially a greatest hits set
- This set was recorded unbeknownst to **TIM BARRY**. This is what he had to say about it: "I like that it's an actual show from beginning to end and that it's what I sound like without knowing I'm being recorded"

There are two **DUKES OF HAMBURG** just to let you know, both are a mix up from each-other, the **DUKES OF HAMBURG** from Bielefeld, Germany and the **DUKES OF HAMBURG** from San Francisco, USA. The story so far: In the early 90s, Thilo Pieper went to San Francisco and formed the American **DUKES** with members of **THE MUMMIES, THE ASTRONAUTS, THE PHANTOM SURFERS** and bassist Shannon Smith. The American **DUKES** toured up and down the West Coast and did two very successful European tours, then moved back to Germany and continued The **DUKES** in Bielfeld while the American **DUKES** were still doing shows. Both bands play '60s beat and garage with wild abandon and are inspired by **THE LORDS, RAINBOWS, CASEY JONES**, and many of the '60s German Beat favorites as well as early **PRETTY THINGS** and other groups from the pre-psychedelic 1960s rock 'n' roll scene. "Liverpool Beat" is the first album by the German **DUKES OF HAMBURG** on Dionysus Records, following the release of three American **DUKES OF HAMBURG** LPs on the label in the '90s. **DUKES OF HAMBURG** are Germany's Number One Beat Group at the moment!

**For Fans of:** **THE DEVIL MAKES THREE, DEER TICK, UNCLE TUPELO, GODDAMN GALLOWS**

Regardless of how **THE DEVIL'S CUT's** songs are born there is no doubt that they will resonate with the often disillusioned yet hopeful, dwindling, working middle-class in the Rust Belt and beyond, which are often the subject. The band's hometown Lansing, MI is just another Midwest city affected by the loss of factories and jobs, yet people hold their heads up and carry on. There's beauty as well as a sadness and frustration to it and **THE DEVIL'S CUT** style of Americana, folk and punk-influenced Rock n Roll reflect that in a remarkable way that can be at times reassuring as well as inspirational.

Setting out to create party music they combined Aussie folklore with personal experience, while drawing inspiration from the sounds of Australian and Celtic folk, with a heavy dose of the punk rock, which they had grown up on.

**For Fans of:** **DINOSAUR JR., QUEENS OF THE STONE AGE, PIXIES, FOO FIGHTERS, SWERVEDRIVER, ADAM FRANKLIN**

La Crosse, WI trio **PORCUPINE** organically forges its singular brand of Rock'n'Roll reminiscent of the late-90s alternative without compromise. Hoping to spring board off the recent success from **SPACE BIKE** (including opening slots for **FRANK BLACK, THE DESCENDANTS, THE MELVINS, THE JESUS LIZARD** and **EVERCLEAR**), Casey Virock (guitars/vocals) with Dave Reinders (bass) formed **PORCUPINE** and began touring and playing the Midwest in 2006. Unfazed by what's trendy, Casey, Dave and Ian Prince (drums, for over a decade he's been supplying the backbone for top-notch indie bands **STORY OF THE SEA, HOUSTON** and **KID DAKOTA**) derive some of their inspiration from '70's classic rock and '60's British psychedelica, resulting in a **SWERVEDRIVER** meets **QUEENS OF THE STONE AGE**-type sound.

Six Weeks Records has unearthed another treasure trove of early 80's punk rock for all the hardcore/punk historians out there. This time we have the legendary Florida hardcore band **NO FRAUD** uncovering their earliest material, BEFORE their first legitimate demo and subsequent 7" and LP. These tracks, mostly recorded in a garage in 1984 represent this classic band at their most ferocious: 18 songs of pure, undiluted hardcore punk, played at intensely high speeds (think **D.R.I.**) and with an intense youthful energy only found from bands of this era. This record contains 17 songs recorded in 1984, most of which have remained unreleased to this day, painstakingly resurrected/re-mastered for this special release. The package is complete with lengthy and thorough liner notes by founding member Dan Destructo and jam packed with classic photos, flyers and news clippings documenting the intense and dangerous lifestyle of 1980's punks living and playing in Florida. A release definitely not to be missed by hardcore punk addicts in the USA and worldwide!

- Excellent reissue of early demos, contains a majority of previously unheard songs
- Limited edition of 500 LP/CD
- **NO FRAUD** will play some select gigs in USA and also a European tour to support release!
