HOLOSADE hail from Darlington in North East UK which was also home to such revered acts as **VENOM, RAVEN, ATOMKRAFT** and **WARFARE**. Unlike many of the above, it took **HOLOSADE** quite a while to emerge as a unit. The band began, in 1985, as a thought in the head of Phillip de Sade (vocals), but it wasn't until 1986 that the line-up was confident or stable enough to find its own style and really push itself through the demo *Love It To Death*. Although not the band's first, it was by far the best, and ultimately led to their signing with Powerstation Records (**TOKYO BLADE, CHROME MOLLY**), especially when the demo was coupled with the tremendous live effect the band were having where ever they appeared.

Originally intended to be an EP, *Hell House*, was released in 1988 as a full-length based on the label's confidence that **HOLOSADE** had a surefire formula to success that combined a gritty mixture of **ANTHRAX** and Di'anno-era **IRON MAIDEN**. **HOLOSADE** delivered little in the way of sophistication and refinement, but it was a raucous quintet full of honest under-arm sweat stains and intrinsically British. It wasn't long after the release of *Hell House* that the plague of line-up changes resumed and **HOLOSADE** slowly fell apart with some members departing to such notable UK acts as **SABBAT** and **LITTLE ANGELS**.

Despite **HOLOSADE**'s flirtation with the spotlight, Divebomb Records is excited to present *Hell House* in this special deluxe edition reissue. The 20-page booklet contains band supplied photos, archival magazine features and full album lyrics. This edition also contains 6 bonus tracks, four of which are from a previous unreleased BBC 1 Rock Show Session. This is a reissue for the fans, by the fans.

No strangers to Divebomb Records, South Carolina's **EVERTHRONE** have returned to the label after the successful release of their Jamie King produced debut album, *Evil Tongues*, via the label's Bootcamp Series which not only reissues obscure lost treasures of the past, but also is a showcase for new artists through alternative promotion helping to support them while they get a foothold within the industry.

Looking to capitalize on the acclaim of *Evil Tongues* and sharing stages with **FATES WARNING, FIREWIND** and **TURISAS** the group teamed up with renowned producer Don Debiase at the Lava Room/Studio D (Cleveland, OH), sculpting 10 new tracks that beautifully showcase their innovative and bold new approach to dark wave-driven metal. The result of this new creative partnership is, *The Dawning*, an album that easily advances some of the themes and styles found on *Evil Tongues* but also takes the band to new artistic heights. *The Dawning* more than delivers on the promise of **EVERTHRONE's** previous work. Quite simply, this is a band that even the most jaded heavy metal critic won't be able to deny!

The musical partnership between vocalist Shawn Pelata and guitarist Brian "Hellstorm" Williams dates back to 1999, when Brian contacted Shawn with the hope of recruiting him to sing for a new project he was putting together. That short-lived endeavor became **K-OCTAVE**—yielding a single, highly praised album, *Outer Limits*, issued via Germany's Hellion Records in 2001. Williams then continued with his main band, underground metal giants **OCTOBER 31**; while Peleta released two albums with melodic rock outfit **LINE OF FIRE**, as well as working with metalcore cultists **KILLWHITNEYDEAD**. The two kept in touch, vowing to one day work together again when the time was right.

That time is now. An unstoppable riff machine (he's not called "Hellstorm" for nothing), Brian soon found himself with new players, and eight new songs in need of the right voice. He knew just who to call: Shawn was brought on board and—alongside Kevin Haverlah (drums) and Howard Baker (bass)—**FINAL SIGN** was born. Divebomb Records is proud to present the debut album from **FINAL SIGN**, *Hold High The Flame*, upon the heavy metal faithful. It's a ravenous blend of US power metal, thrash and old school heavy metal—executed with unbridled anger and intensity!

MARKETING POINTS:

- Features members of **OCTOBER 31, LINE OF FIRE**
- Limited edition
- Mastered by Jamie King
- Cover art by Steven Cobb (**FORTE, SOLITUDE, THE HORDE OF TORMENT**)

2015 marks the official release of the classic *Toilet Slave* album from 1994 on vinyl for the first time! Limited edition of 500 on Urinal Cake Blue wax on Patac Records. This puerile slab of sophomoric scatology with underlying savagery is a gift from the gods of punk rock, tracks like 'Toilet Slave', 'Tesco's Tender Love Ballad' and 'Another Dead Republican' haven't lost an iota of relevance over the past two decades. This limited edition colored vinyl is part of an ongoing series of **THE MEATMEN** reissues... race to your record store and buy some **MEAT**... or you suck!

Like a cartoon mallet to the head, **THE MEATMEN** - a 35-year old legacy band - lives on as one of the most recognizable names in punk and metal. The band's primal decree, *We're The Meatmen, AND YOU SUCK!* is synonymous with the era and the attitude of hardcore punk. The Mighty Men of Meat are anchored by the sharp-tongued wit of statuesque frontman Tesco Vee, co-creator of the original Touch & Go Records and the fanzine. Today, Vee and company continue to entertain fans with hilariously heavy records and a memorable live spectacle -replete with wild costuming and a gigantic confetti-spewing penis.

THE MEATMEN formed in Lansing, MI in 1979 when a young, crate-digging schoolteacher named Bob Vermeulen blended his passion for Frank Zappa, R. Crumb comics and the burgeoning hardcore punk scene into a band of his own. The band became renowned for their unpredictable stage antics and incredibly offensive lyrics. With song titles such as, "Crippled Children Suck" and the loner's masturbatory anthem, "Orgy of One," The Meatmen's turn towards the absurd went on to inspire bands like **GWAR**, **TURBONEGRO** and **WEEN**.

THE MEATMEN, with their signature brand of silly and scatological humor, have long- weathered and defined musical trends. History has proven them to be the clown-prince anti-heroes of punk and pop culture. In a world of serious music that deals with world politics and social injustices, **THE MEATMEN** are simply here to sing songs about poop and boners to ultimately remind us all that they are **THE MEATMEN**... "AND YOU SUCK!!!"

MARKETING POINTS:

- Classic punk rock album by punk rock pioneers **THE MEATMEN** available for the first time on vinyl!
- First 500 copies pressed on limited edition URINAL CAKE BLUE colored vinyl!
- 100% analog reproduction taken from the original album masters for the ultimate **MEAT** listening experience.
