For Fans of: NEOS, LARM, ELECTRO-HIPPIES, WEEKEND NACHOS

MARXBROS are the (non)musical continuation of the Dutch legacy of Paul and Olav. This music picks right up where **LÄRM** and **SEEIN' RED** left off. For this recording (and hopefully subsequent ones) they have enlisted the expert bass playing of Chris Dodge from **SPAZZ/STIKKY/TO THE POINT**. The tracks range from fast to faster and are both punk and blast-laden, but also have boot stomping parts. Seventeen tracks that bring the 80's back into 2017. On the flip side, Belgian **TRAVOLTA** have expertly crafted thirteen tracks of angry blasty modern hardcore inspired fast punk. Both sides are wicked fast and thirty tracks will make a bad day seem more bearable after this record makes your heart rate soar and temporarily makes you see red.

MARKETING POINTS:

- Thirty songs
- Members of **LÄRM**, **SEEIN RED**, **STIKKY, TO THE POINT**, and **SPAZZ**
- Full color cover and comes with fold out insert and separate poster
