For Fans of: NEUROSIS, ISIS, CULT OF LUNA, BATTLEFIELDS

Formed in these forsaken fields of West-Flanders, Belgium's **AMENRA** has been conjuring unholy sermons since 1999. Their postmodern vision of music, existing of droning, repetitive chords alternated by gut wrenching hauls will make an experienced listener renounce his definition of music, perhaps even his whole belief system.

AMENRA already have a back catalog that most bands won't assemble in a lifetime. Producing huge walls of sound, **AMENRA** have often been compared to metal stalwarts like **NEUROSIS**, **ISIS** and **PELICAN**, but their confounding and compelling sound that mixes surrealist melody and warped subtleties with churning rhythms, pummeling riffs and crushing dynamics stands on its own.

This release collects the band's two latest full-lengths, *Mass III-II* and *Mass III*, along with a bonus track previously only available on 7" vinyl. Packaged in a custom z-fold digipak with slipcover. Originally released in 2009, now finally reissued with slightly altered artwork on the eve of the band's fourth full-length album scheduled to be released Fall 2012 on Neurot Recordings!

Marketing Points:

- Completed U.S. tours with **BATTLEFIELDS** and **ZOROASTER**
- Completed European/UK tours with **CONVERGE** and **NEUROSIS**
- Marketing sticker on shrinkwrap with band testimonials from members of **CONVERGE**, **NEUROSIS** & **INTEGRITY**
- Members also play in **SYNDROME**, **KINGDOM** & **BLIND TO FAITH**
- Currently only **AMENRA** release to be available in North America!

Artist Hometown: Galway, Ireland

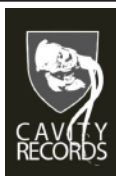

Key Markets: New York, Los Angeles, Oakland, Richmond, Philadelphia, Boston, Portland, Europe

For Fans of: TRAGEDY, KYLESA, HIS HERO IS GONE, THOU

The self-titled debut full length from Ireland's **BACCHUS** is one that is guaranteed not to disappoint any fan of heavy music. From start to finish, **BACCHUS** weaves fast, crusty hardcore in the vein of **TRAGEDY** along with a good measure of doomy, slower guitar riffs a la **THOU** and then tops it off with delayed soundscapes to create such a distinct sound that it will surely grab your attention and never let go. This album appeals to a broad spectrum of heavy music fans, and the great thing is that **BACCHUS** does it so effortlessly and un-forced that it's impossible not to be blown away.

Marketing Points:

- Album was co-released originally overseas by Contrazst/Distro Records and has already sold through multiple pressings
- **BACCHUS** has already completed two successful U.S. tours along with many European tours and has no plans of slowing down
- They are from Ireland where there is nothing to do but drink beer and play the most pissed-off music ever. Enjoy!

Artist Hometown: Tucson, AZ

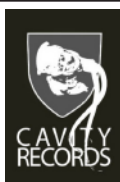

Key Markets: AZ, NM, CA, TX, CO

For Fans of: ROSETTA, MOUTH OF THE ARCHITECT, THE OCEAN, ISIS

After a lengthy time in musical purgatory, **NORTH** is back four years later with the epic *The Great Silence*. A twisting, heavy, gloom filled album of cosmological proportions, with howling vocals going back and forth between pure agony and harsh terror, guitar riffs tearing at the fabric of time, and drums and bass booming and blasting off into the atmosphere. After dealing with several on-again/off-again member changes, an extended writing process has resulted in a diverse, almost mentally exhausting musical venture into the great unknown of space. The record is even darker and heavier than **NORTH's** previous records, the critically acclaimed Decibel top 40 album of 2008, *What You Were*, the post-apocalyptic instrumental world of 2007's *Ruins*, and the cold ambient landscapes of their first EP *Siberia*. Recorded at Loveland Studios in Tucson, AZ with Dana Fehr in January 2012.

Marketing Points:

- The last full-length album from **NORTH** – *What You Were* – was listed on Decibel Magazine's "Top 40 albums of 2008"
- Band going on full US tour in June and also in August
- 2xLP will be available on limited edition colored vinyl
- Album mastered by Matt Weed (Guitar Player for Rosetta)
