Seven years since their first vinyl output and after coming back from an extended hiatus, a fully-rested **ANTI-CHRIST DEMON CORE** produce their glowing sophomore release. The best description was written by Cvltnation: "This one is for the kids, & after listening to California's **ACxDC**'s new album called *The Second Coming*, I know the kids will be united. Now nothing can tear them apart because they are bonded by grindcore super glue and a mixture of straight power violence with a dash of hardcore madness just to level everything off. All of the songs on this album are busting loose at the seams with rage & righteous fury. What really makes that the hairs on the back of my neck stand to fucking attention is the caustic groove that this band is able to put out. **ACxDC** are that kind of grindcore that makes your jawbones tighten up with excitement. They also have metallic riffs jumping off that are so rad that they fucking sound 3-D - it's like they should write a movie for their riffs to star in called "Night of Undead Riff That Kills all Suckers". These dudes love playing together & that can be heard in all of the band's material. **ACxDC** does not make songs, they create anthems for the world to get crunk to! You better recognize that this Los Angeles band of radical humans should not be fucked with, you might lose your mind when you hear so much raw power."

**Artist Hometown:** Raleigh, NC

**For Fans of:** **DOUBLE NEGATIVE, CORROSION OF CONFORMITY, PULLEY, DESCENDENTS, LOINCLOTH, SCARED STRAIGHT, MELVINS**

After finally being suckered into fatherhood with the birth of his daughter Willow, Brian Walsby finally says, *Goodbye punk rock, Hello Adulthood* with the release of *MANCHILD 6*. Joining the ride is new publisher Will Butler of To Live a Lie Records. Will somehow believed in Brian enough to spend his own money on someone who obviously is out of touch, has betrayed the scene (any scene, take your pick) and has more or less moved on. Or has he? Despite the nonstop demands of diapers, real life responsibilities and taking the six-year-old Noble to school most of the time Brian has still somehow found precious time in coming up with new work. Filling out *MANCHILD 6* are exclusive interviews straight from Brian's blog (INTROVERTED LOUDMOUTH) from the last couple of years with lengthy interviews with Richmond's **TANNON PENLAND (LOINCLOTH)**, Raleigh's own incredible songwriter **KENNY ROBY**, The split personality of **SCOTT RADINSKY (PULLEY, TEN FOOT POLE, SCARED STRAIGHT)**, guitarist **STEPHEN EGERTON (THE DESCENDENTS and ALL)** and a lengthy tour diary on the road with **MELVINS** right before Willow was born. Lots of good reading! So if you are at all interested in punk rock, fatherhood, **MELVINS**, potshots at people who deserve it, *Mad* magazine type satire and all of the other things that Brian Walsby is known for, *MANCHILD 6* is a must have and a fine addition to a growing collection of hard work.

## Marketing Points:

### INFORMATION:

**Artist Hometown:** San Francisco, CA and St. Augustine, FL

**Key Markets:** The world!

**For Fans of:** INFEST, NO LESS, GODSTOMPER, CROSSED OUT, MAN IS THE BASTARD, SPAZZ, CHARLES BRONSON, ASSHOLEPARADE

Think of the most amazing powerviolence splits of the past... **CROSSED OUT / MAN IS THE BASTARD**, **INFEST / PHC**, **AGENTS OF SATAN / NO LESS**, **GODSTOMPER / SHORT HATE TEMPER**, **SPAZZ / CHARLES BRONSON**, **ASSHOLEPARADE / ANSOJUAN**... just to get your mind going. The power of the split record and smushing two of the best bands of a genre onto one record is so amazing. This split right here should have been thrown together in the 90's, and I should still be a pre-teen, but somehow it is 2011 and I convinced two of my favorite bands to put together a crushing split. **CAPITALIST CASUALTIES** dug deep in the vaults to find a crisp sound board recording from 1994. The recording was taken and cleaned up off the original tape and mixed down. Sort of like **LIVE IN NAGOYA** but with their OG lineup. In fact, this is the same set, different songs, from the *Live Butchery* EP that is completely impossible to find. **NOCOMPLY** material is an equally amazing time capsule of music. Their recordings were pulled off a long lost DAT tape that Justin found while pulling material together for a potential Nx/Cx discography. The material was literally forgotten about and it happens to be an old studio recording of material that was going to be for a split with **CHARLES BRONSON** on 625 Thrashcore in 1997. The icing on this cake is that Travis Ginn from **ASSHOLEPARADE** makes an appearance splitting vocals on all but one of Nx/Cx's tracks. Both sides provide 90's powerviolence as played in the 90's for all obvious reasons. This is both a powerviolence DeLorean ride and something both bands are exceptionally proud of to this day. Layout is a pill bottle theme executed by yours truly, Will Butler. Limited copies of pill bottle orange records available. Record comes with DIY digital download card for 320KBPS MP3s of each side.

### Marketing Points:

- Two Vintage Bands That People Still LOVE
- **CAPITALIST CASUALTIES** is Very Active, Jeff Actively Runs Six Weeks Records And Publishes Short, Fast, and Loud magazine
- **NOCOMPLY** Tracks Feature Travis Ginn, the Singer of **ASSHOLEPARADE**

### INFORMATION:

**For Fans of:** **ASSHOLEPARADE, INFEST, NO COMMENT,  
MAN IS THE BASTARD, SPAZZ**

The only times I am ever in favor of putting a number in place of a properly spelled word is on rap albums made before 1987 and on hardcore records when the word is Sk8. Florida's **NOCOMPLY** defiantly make the cut with eight blazing songs about skating, surfing, and not complying. Good, pissed-sounding vocals. The songs are fast, tight, and, best of all— not contrived structurally. This is an awesome 7" keeping hardcore alive without being too formulaic. They're Gr8! LOL.

**OSK** is an unrelenting grindcore force from Canada featuring members of **MASS GRAVE**. This is some game- changing grindcore to say the least, songs seethe with blasts, slow parts, and invigorating changeups. As CDs are a dying format, MP3s are ruling the landscape and of course vinyl continues to keep people on the lookout, this is a perfect collection CD that TLAL couldn't be happier to bring onto the world.
