Fans of strippers, hard drugs, punk rock production and cock rock douchebaggery, rejoice: The one and only **ANAL CUNT** have returned with a new album, and this time around, they're shooting to thrill -instead of just horrifically maim. They're here to f*** your girlfriend, steal your drugs, piss in your whiskey, and above all, ROCK!

(The late) Seth Putnam channels Sunset Strip scumbags like **MOTLEY CRUE** and **TWISTED SISTER** to bring you a rock'n'roll nightmare fueled by their preferred cocktail of sex, violence, and unbridled disgust. From ripping off the **CRUE's** cover art to the massive hard rock riffs of "Hot Girls on the Road," "Crankin' My Band's Demo on a Box at the Beach," and "F*** YEAH!" and tender ballad "I Wish My Dealer Was Open," *Fuckin' A* is an instant scuzz rock classic.

For Fans of: **REPULSION, GRAVE, SODOM, BOLT THROWER, OBITUARY**

The long-running metal maestros have kept the faith since 1985, summoning a slew of cult releases and building up an immensely dedicated fanbase that has followed the band merrily into hell and back. Now, King Fowley and his band of 'bangers have returned with their 6th full-length album after six long years of waiting! From the band's traditional death thrashing aggression to the liberal dosage of traditional heavy/speed metal, **DECEASED** represents the very best of what any modern (or surviving) metal entity can achieve: quality compositional ability that manages to pay a wonderful compliment to all of its influences, but at the same time sounds incredibly fresh and important. Those who are fond of the band's past works "*Supernatural Addiction*" (2000, Relapse) and "*Fearless Undead Machines*" (1997, Relapse) are in for a particular treat, because *Surreal Overdose* is every bit as memorable, if not more so.

For Fans of: **DRI, BAD BRAINS, CIRCLE JERKS, DEAD KENNEDYS**

It's not often that one stumbles across an unknown, undiscovered gem from the golden age of California hardcore, but that's the case with this debut release from a band that went their separate ways over 25 years ago. Formed in San Jose in 1982, **EXECUTIONER's** music was hard, fast, tight and loud. It contained "taboo" extended guitar solos and stop-on-a-dime tempo changes. They sounded like nobody else. A mix of hardcore West Coast punk rock, speed metal (before there WAS such a thing) and the larynx-shredding assault of singer Dave Burk's vocal missives, their music commanded attention. And they got it. A bootleg cassette of their song "Fix Me/Hellbound" became the number one requested cut on the legendary underground station KFJC for the entire year 1983. It was the number two most requested song on San Francisco's mainstream station KQAK (The Quake) the following year. All with absolutely no promotion, just word of mouth. **EXECUTIONER's** recordings sat unreleased for over two and a half decades, kept alive only by the 4th and 5th generation cassette dubs that kept on making the rounds in the following years as their legend grew. Until now...

Marketing Points:

- Featured in the books: *'Fucked Up & Photocopied'* as well as *'Punk is Dead, Punk is Everything'*
- Rave reviews, internet radio airplay, interview in *AMP Magazine* & more
- Cover art by legendary punk artist WINSTON SMITH (**DEAD KENNEDYS, LARD, GREEN DAY**, etc)
- Print ads in *Maximumrocknroll, Decibel, Short Fast & Loud* and *Chips & Beer*

Key Markets: BOSTON, NEW YORK, LOS ANGELES, AUSTIN, RICHMOND

For Fans of: **MOTORHEAD, DISCHARGE, ENTOMBED, SODOM, NAILS**

PANZERBASTARD are Boston's latest contribution to an already long list of rowdy Bean Town bands. The blend of no-holds-barred, Boston hardcore and heavy metallic crust carries over perfectly into their sound. Their music is unrelentingly fast and heavy but also pretty experimental. Don't let experimental throw you because their willingness to mess around with weird crap like good production and catchy hooks doesn't slow them down. This is their first recording after their UK tour with **HELLBASTARD**, and precedes two more upcoming splits, one with **DESTROYED IN SECONDS** and the other with **HELLBASTARD**. This EP is going to be a must for any fans of **MOTORHEAD, CELTIC FROST**, and just plain rock'n'roll!

Satan Antonio's **KRUDS** slam some serious powerviolence across the first four tracks on this 7" while the last two are handled by **RAMPANT DECAY**. This split kills. **KRUDS** not only rip as a band but they use some of the funniest and most perfectly placed samples I've heard since **CHARLES BRONSON**. The music is about what you'd expect from seeing the artwork-brutal!

I'm all about the power of violence because the wounds inflicted often discharge sludge. Plus, any Mike Tyson quote is a good Mike Tyson quote and there's more than one... "I've been robbed of most of my money, can I at least get a b***job?" **RAMPANT DECAY** crush thire two tracks like beer cans on their foreheads and piss on your four winds with some grindy **CONFUSE** influenced hardcore that you won't soon forget. Boston punk rock outfit **REVILERS** have been kicking ass and taking names since 2008. During their short, yet impressive career, they've shared the stage with punk rock legends such as **AGNOSTIC FRONT**, **URBAN WASTE**, **DYS**, **SLAPSHOT**, **TROUBLE**, **F.U.'S**, **GANG GREEN**, **DROPKICK MURPHY'S**... just to name a few. After two critically acclaimed EPs and a split 7" with Barcelona, Spain's **BULLDOZER**, the self-titled debut album finally sees the light of day. The **REVILERS** sound is the perfect mixture 80's UK punk mixed with classic **IGGY AND THE STOOGES** rock'n'roll. Whether it's street-rock anthems such as 'No Bullshit Reactor' or 'First Law,' the **JOHNNY THUNDERS**-esque 'Frustration' or the epic 'Sick of Being Sick and Tired' (which sounds like it could have been an outtake from The **VIBRATORS** 'Troops of Tomorrow' 12") each song has its own personality—a very pissed off and in your face personality!

Marketing Points:

- Strong positive reaction to the previous *Isolation* EP (OUT OF PRINT), *Stand or Fall* EP and **BULLDOZER BDN** split EP (Released in Germany by CONTRA RECORDS)
- Received rave reviews from *Maximum Rocknroll*, *Razorcake*, *Sparkplug Magazine*, *Scenepointblank* & *AMP Magazine*
