# DEAD ON

## Dead On (Deluxe Edition), 2XCD

**STREET DATE:**  
**NOVEMBER 6, 2012**

### INFORMATION:

**Artist Hometown:** Long Island, NY

**Key Markets:** WORLD

**For Fans of:** METALLICA, OVERKILL, MEGADETH,  
SANCTUARY, MERCYFUL FATE

Long Island's **DEAD ON** took a major risk and decided to self-finance the recording of what would become their debut album, *Dead On*. Enlisting top producer, Roger Probert (**FATE'S WARNING, LOUDNESS**) the band record their album independently hoping to land a deal. They landed a deal quickly and at the behest of their new label, mixing engineer and industry heavyweight, Max Norman was brought in to finish the album. Nine tracks of immaculate, sometimes macabre, American heavy metal. Inspired by classic acts like **IRON MAIDEN** and **MERCYFUL FATE** the band also infused influences of the thrash/speed metal dominated era to develop a style that was all their own. Not necessarily aggressive enough to be called thrash, but much heavier than the classic styles of heavy metal - this was **DEAD ON**.

The album has been out of print for years, but now with the release of this limited *Dead On (Deluxe Edition)* not only do fans get the classic album and three music videos, but also their *All Four You* EP, unreleased cover of "Turning Japanese" plus ultra rare demo tape, "The Limit." For the fans, by the fans.

### INFORMATION:

**Artist Hometown:** Fort Collins, Colorado

**Key Markets:** Denver, Chicago, New York, Florida, Midwest

**For Fans of:** **AGAINST ME!, THE LAWRENCE ARMS, HOT WATER MUSIC, PROPAGANDHI**

This young four-piece from Colorado roamed the basements and punk houses of America for a couple years as the band **10-4 ELEANOR**, and after building quite a following among the sweaty/bearded segment of the underground, they opted for a new band name and a fresh start in 2011. Thus ushered in the era of **ELWAY**, and along with it comes their Red Scare debut, *Delusions*. It marks an ambitious step up for the band as they ditched their home recordings and enlisted audio guru Matt Allison at Atlas Studios (**ALKALINE TRIO, LAWRENCE ARMS, LTJ, SMOKE OR FIRE**, etc). Rest assure, this new one retains all the guts and grime that these guys are known for, but with more intricacy and nuance than you'd expect from your average "beardo" punk band. *Delusions* is thematically inspired by two things: our society's regard for God and having to deal with maniacal loved ones and this brainy quartet is out to show the world how they do it out yonder in the Rockies.

### Marketing Points:

- **ELWAY's** *Delusions* CD was a Success for us in 2011 & We Finally Got Around to Meeting Demands for the LP in 2012!
- Produced by Matt Allison at Atlas Studios (**ALKALINE TRIO, LAWRENCE ARMS, LTJ, SMOKE OR FIRE**, etc)
- **ELWAY** will be Touring for Two Months in the Fall of 2012, even Hitting Europe & the Fest in Gainesville, FL
- Unlike most Red Scare bands, these men are not very attractive so their music must be REALLY good!

**Key Markets:** World

**For Fans of:** HELLBASTARD, TRAGEDY, DEVIATED  
INSTINCT, WOLFBRIGADE

Early "crust" pioneers **HELLBASTARD** (UK) and **DRESDEN** (US) team up for one "hell" of a split release. **HELLBASTARD** have been hailed as one of the originators of the "crust" punk genre. They were among the first wave of bands to mix politically charged punk with thrash metal and have been cited as a major influence to legions of bands over the years. The genre subsequently adopted its name from the bands first demo, "Ripper Crust". This time around they are back with songs that are tighter, stronger, angrier and more pissed off than before. **DRESDEN** is fronted by legendary Profane Existence columnist, Bitty, and have been hailed as "modern day crust warriors". Bands like **HELLBASTARD** helped pioneer the genre and it's bands like **DRESDEN** that help keep alive, growing and relevant. **DRESDEN** has a manic tour schedule. They are out there constantly hitting the road, carrying the torch, doing it D.I.Y. and not giving a fuck what anyone has to say about it! This release captures them at their best. Heavy metallic down-tuned guitars, aggressive drumming, stellar production and songs of epic proportions that attack the status quo, shake things up and leave you full of rage. If there was ever a sound track for the revolution, this is it!

- **HELLBASTARD** Pioneering Crust Band That Gave The Genre its Name

#### INFORMATION:

**Artist Hometown:** Philadelphia, PA

**Key Markets:** Philadelphia, NYC, Boston, New Jersey, Chicago, EAST COAST

**For Fans of:** **NOFX, DILLINGER FOUR, THE MENZINGERS, THE LAWRENCE ARMS, OFF WITH THEIR HEADS**

**THE HOLY MESS** is a reckless and haphazard punk band that has been tearing up basements and house shows on the East Coast for a couple/few years now. In the early days, their kooky-looking frontman Stevo would get so trashed that he would berate the crowd with his goofy tales and end up in the fetal position on stage. Good times, no doubt. The band kept moving forward and their reputation for wild shows only grew; and being known around the punk scene for being a kickass band and all-around good dudes, they got tour offers from bands like **OFF WITH THEIR HEADS, THE LAWRENCE ARMS, THE FLATLINERS, DEAD TO ME** and **A WILHELM SCREAM**. At some point they actually got their shit together to hone their live show, perfect their songwriting, and then headed into Atlas Studios to record their debut album with Matt Allison (**ALKALINE TRIO, LESS THAN JAKE, SMOKING POPES**, etc). And here we have it: Farty Degas (or whatever that dumb album title is); the latest offering from the most depraved batch of assholes to come swinging out of the super exciting Philly punk underground. Ten tracks so hot that they'll blister your dick up to the point where you'll look like the guys in **THE HOLY MESS**.

#### Marketing Points:

- Produced by Matt Allison at Atlas Studios (**ALKALINE TRIO, THE LAWRENCE ARMS, SMOKING POPES, LESS THAN JAKE, DEAD TO ME**, etc).
- One of these new tunes is featured on the Warped Tour digital sampler through Side One Dummy Records. A ton of kids hear that shit, right?
- Very active live band. Last year the '**MESS** did shows with **DESCENDENTS, NOFX, THE LAWRENCE ARMS, DEAD TO ME, OFF WITH THEIR HEADS, A WILHELM SCREAM**, etc. Many more to come in support of this release!
- Print and online ads aplenty. We have a publicist on board and will be giving this release the full Red Scare push!

#### INFORMATION:

**Artist Hometown:** Uppsala, Sweden

**Key Markets:** WORLD

**For Fans of:** METALLICA, VENDETTA, DEATHROW & KREATOR

Unlike San Francisco, New York City and Germany, Sweden was never quite the hotbed for thrash activity in the '80s, but there was one band that made plenty of "Noise" with their first demo tape, *Ground Zero*. The self-released cassette from Uppsala's **MIDAS TOUCH** rapidly made its way through trading circles and as such attracted attention from a prominent German metal label Noise Records. The label that counted acts like **HELLOWEEN**, **VENDETTA** and **CORONER** on their storied roster, eventually signed **MIDAS TOUCH** on the strength of their demo.

Producer Roy M. Rowland (**LAAZ ROCKIT**, **KREATOR**, **TESTAMENT**) was brought in to work on what would become **MIDAS TOUCH**'s sole album, 1989's *Presage of Disaster*. A rollicking romp of technical thrash in the vein of **DEATHROW**, **SABBAT** and **D.B.C.**, the album garnered raves from the metal literati, eventually gaining sales in excess of 60,000 units.

But along the pathway to assured success **MIDAS TOUCH**'S flame was extinguished, ending their run while demoing material for their unreleased second album, *The Deliberate Stranger*. As unfortunate as their early demise was, **MIDAS TOUCH** unquestionably still left its mark on the metal world with their menacing debut, *Presage of Disaster*.

The album has been out of print for nearly 20 years and fetching high-dollar collector prices online, but **MIDAS TOUCH** has remained a cult favorite with die-hard thrash fans. This *Presage Of Disaster* deluxe edition contains brand new mastering and a redesigned 16-page booklet with scrapbook style memorabilia clippings of the band's history plus new interview and essay. It also includes two never before released pre-production demos from the band's personal vaults and their debut *Ground Zero* cassette. For the fans, by the fans.

80's LA punk, **ADOLESCENTS**, **SOCIAL DISTORTION**

Rousing, pissed-off San Francisco high energy melodic punk en Español. Mind bendingly catchy and anthemic. These 10 songs have a sound similar to classic 80's Spanish punk bands with even more fire and rockin' guitar leads. Originally released in 2006 this LP has been re-cut and reissued due to popular demand. Now on colored vinyl including digital download card. '77, '82, '06, '12, punk rock is timeless when it's this good, an instant classic.
