The ANALYST formed in May 2006 in South Bend, IN. **THE ANALYST** has been working since their inception to make this band into something above and beyond their imaginations. It's so easy to get caught up in whatever new sub-genre of metal is cool this week, but true metal and musicianship had always been on the frontline for **THE ANALYST**. "We don't play music to see what breakdown will make the crowd do the most damage, we play because we love creating music, and hopefully people will appreciate us as a young talented band." "This brutal album is really fun to listen to and I highly recommend it to anyone who likes their heavy metal with breakdowns, growls, screams, and loud, deep double bass".

INFORMATION:

Artist Hometown: Bronx, NY

Key Markets: United States, Japan, and Europe

For Fans of: **MADBALL, FIRST BLOOD,
DEATH BEFORE DISHONOR**

Brewed in the heart of the Beatdown Bronx, **BILLY CLUB SANDWICH'S** sound is a metallic batch of crunching riffs, intense drumming and a vocal growl that bleeds New York City Hardcore. Powerfully combining off-kilter melodic grooves with bi-lingual lyrics, the foursome (Martin Gonzalez - Vocals, Tony Malone - Guitar, Gary Muttley - Bass, Glen Lorieo - Drums) have been creating some of the most uniquely aggressive music in the New York Hardcore scene for more than ten years.

Building on the strength of their live shows and first two strong EP's, 1997's *Hold the Bologna* (Nawpost Records) and 2001's *Superhero's at Leisure* (Inner Strength Records) **BILLY CLUB SANDWICH** cemented themselves as creative artists who were as willing to crash through the numerous misconceptions of hardcore bands as heartily as they were to crash through a stage with a sledgehammer. A wrecking crew both live and in the studio, 2004 saw them release their first full-length album on Inner Strength Records, Chin Music. *Skratchmagazine.com* called the album "refreshing" and stated that it was "Straight up, no-nonsense East Coast hardcore." The blast beats and stomp parts as well as a spicy mix of humor and hip-hop proved **BILLY CLUB SANDWICH** were ready for the spotlight and they relished it, touring Europe, Japan and Puerto Rico to support the album while playing to large festival crowds and packed clubs as well as several Superbowls of Hardcore in their hometown of New York City.

Marketing Points:

- **BILLY CLUB SANDWICH** has toured Europe, Japan, Puerto Rico & the USA
- Integral part of the NYHC scene for 12 years
- Upcoming DVD on Dead City Records "Live from Japan"
- Played the Black & Blue bowl twice

For Fans of: **TERROR, LIONHEART, MADBALL, REIGN SUPREME, TRAPPED UNDER ICE**

CONCRETE was started back in 2010 when Lenny vocals and John guitar met up. Both had been going to shows since the mid 90's and had been in various bands throughout the years but had never had the chance to do a band with the New York hardcore sound that they had always loved. After several months of practicing, in March 2011 they recorded a 6-song demo at RQR studios in Pittsfield, Ma and soon after started playing shows and their first was opening for **SHAI HULUD**. Playing out as much as possible, including long weekend mini tours, **CONCRETE** was quickly gaining notoriety for their live shows which for full of stage dives and pile-ons. Then they opted to go out on a tour of the East Coast with **XGHOSTSHIPX**. This tour was very successful for **CONCRETE** in gaining respect and fans within the hardcore scene. In early 2012 work began on what would be their debut album *Deadlock*. Drawing on their influences from the mid-nineties hardcore bands such as **MADBALL, SICK OF IT ALL**, and **AGNOSTIC FRONT**, they began writing. What they have crafted is eight hard-hitting NYHC songs bound to get the pit moving.

Marketing Points:

- Toured with **XGHOSTSHIPX (SEVENTHDAGGER)**
- Planning West Coast tour, Mid West tour, and regional touring
- Advertising online with *GlueHC, AMP, Lambgoat*, and others. Confirmed print ads in *Outburn, AMP & Hails and Horns*
- Played shows with **THE ACACIA STRAIN, TERROR, SHAI HULUD, BORN LOW, AND TRAPPED UNDER ICE**
- Promotional copies sent to all online and print music publications
- Filming a video for "Deadlock"

INFORMATION:

Artist Hometown: Seattle, WA

Key Markets: California, Washington State, Oregon, Arizona

For Fans of: **THE CASUALTIES, BLACK FLAG, TOXIC HOLOCAUST**

Punk. Thrash. Hardcore. Take a look into the world of punk on the streets and venues of Seattle. One band in particular, **THE INSURGENCE**, formed in 2006, never lets their audience forget that they do have a message. With a line-up consisting of Jibo on vocals, Mike Time Bomb shredding on the guitar, Josh Sinder beating the skins senseless, Justin brutalizing the bass, and Johnny driving it all home with his witch-like screams. Influenced by world issues not just governmental politics, a cliché and overused subject in the world of punk philosophies, **THE INSURGENCE** take being pissed off about unjust bullshit in the world and turn it into a musical outlet where they can possibly educate and motivate others. Not sounding like your being preached to, it's more coming from the gut, sincere, raw and pissed off. It's about the big guy stepping on the little guy which you quickly discover listening to their songs about such topics as corporate greed, the American oligarchy, religious exploitation and the military industrial complex. Such truths might not be easy to stomach, but they are a glaring reality, and The Insurgence do not avoid anything controversial or uncomfortable, just to avoid offending people. As the music scene grows and trends trundle in and out, punk rock is always going to be there. And with the advent of the Internet as a promotion tool, the band uses this prime example of the new DIY to reach out directly to their fans: the catalyst for the appeal of the underground music scene all along

Marketing Points:
