### INFORMATION:

**Artist Hometown:** Newport, Rhode Island  
**Key Markets:** East Coast, West Coast, Midwest  
**For Fans of:** THE FACTION, JFA, LOS OLVIDADOS

"Skate Rock for Skate Rats" is what **THE LOUD ONES** are about! In 1983, fueled by skateboarding, a general need to party, raise hell, skate and session every ramp in the northwest, soon-to-be-legendary pro skater **FRED SMITH** and four of his friends would start **THE LOUD ONES**. The public named them **THE LOUD ONES**. **LOUD ONES** was not a band name— it was a reputation!

So with the influence of punk bands they always listened to (**SEX PISTOLS**, **JOHNNY THUNDERS**, **DEAD KENNEDYS**) and one month of practice they would go into the studio and record their first demo. Without knowing it, among with soon-to-be-peers from throughout the US and Canada, they would be creating a whole new genre termed **SKATE ROCK!**

That demo tape would end up being dubbed a million times and being played at backyard sessions all over the US. Over the next two years **THE LOUD ONES** would play a ton of keg parties; record another demo; play shows with **GANG GREEN**, **THE FREEZE** and **THE F.U.S!** Eventually **FRED** would get picked up by Alva Skateboards and the band soon fizzled out.

Then in 2012 a reunion took place and the band re-formed with **FRED SMITH**, **METAL MAN** (who was second drummer in '85), **BOOG**, **MICHAEL** and **DKNOW**. After one year of playing shows and practicing, **THE LOUD ONES** would go into the studio to record this full-length CD containing some brand new songs, rerecorded old favorites as well as 13 bonus tracks. Tracks include the original demos from '83 and '85 AND live tracks from '84. To top it all off, the booklet contains liner notes, band history, photos, lyrics and more. So grab this CD, get out your skateboard and go sesh your favorite spot while blaring **THE LOUD ONES!**

### MARKETING POINTS:

- First **THE LOUD ONES** full length & first new songs recorded since 1985!
- Skaters all over the world will want this due to **FRED SMITH**'s huge popularity as a legendary '80s pro skater!
- Not only will skaters and fans of Skate Rock pick this up but anyone into hardcore or punk will be bound to check it out too!
- Brand new recordings, a bunch of bonus material & a nice booklet makes *Time to Skate* both a new release as well as another fine, soon-to-be-classic Beer City reissue!

**For Fans of:** **THE BOOTS, CHUCK BERRY, THE MUMMIES**

Another booger-eatin', half devoted and half contemptuous take on mid-'60s beat by these Bay Area musical thieves, with genuine "\*\*\*\* in your pants" enthusiasm shoved into every minute-and-a-half song. Picture '60s Euro-beat music, done up ultra-frantic, 1000 miles per hour. Bo Diddley, Chuck Berry, Ray Charles and the like, as seen through the eyes of mid-'60s Euro-teen bands like **CASEY JONES AND THE GOVERNERS, THE BOOTS, or THE RATTLES**, on a coffee overdose that borders on debilitating panic attack. Members include Thilo from the (German) **ASTRONAUTS** Rusty Quan from **THE MUMMIES, PHANTOM SURFERS, BOBBYTEENS, COUNT BACKWURDS**, etc.

This is the anthemic follow-up to **BEHIND ENEMY LINES'** brilliant first two albums. This contains the ferocious sound of their previous efforts along with a powerful Scandi-crust machine-gun-like punch and of course the scathing, hyper-political lyrics that aren't afraid to name names and list addresses for those responsible for fucking over the world. In addition to the normal CD jewel case and packaging, this package includes a separate perfect-bound, 64-page book with the lengthy lyrics, dozens of political posters and additional artwork. If you do not already know **BEHIND ENEMY LINES** then you are missing some of the most intense, anti-authoritarian punk rock of our ages! **BEHIND ENEMY LINES** is made up by veteran members of some of the most influential American hardcore/punk bands of the last decade (**AUS-ROTTEN, REACT, PIST, CAUSTIC CHRIST**, etc.). This is the highest quality release in all respects and easily ranks among the best PE Records has yet to offer!

**For Fans of:** **INFEST, MAN IS THE BASTARD, SUFFER, SPAZZ, DESPISE YOU, LACK OF INTEREST, WEEKEND NACHOS, STRIPMINES**

If there is anything good in the world to be hopeful about, **ABUSE.** quickly bring you back to reality with seventeen of the angriest and most depressing powerviolence tracks that you will be able to stand. The band melds classic **NO COMMENT/ INFEST/NEANDERTHAL** sound with some hardcore undertones and have really stepped up the production value since their initial releases. Still raw as hell sounding, this LP was recorded with Kris Hilbert at Legitimate Business who brought out the band's sheer heaviness out on each track. If you are looking to be uplifted, don't look to this record! If you have had the worst day ever and you want to listen to the aural equivalent of Nietzsche, then you will have a winner with this record. Hope is the most evil of evils, and **ABUSE.** says you're fucked.

### MARKETING POINTS:

- Full album streamed on Cvlt Nation's website
- Super clean recording for this style of music
- Dreary layout, includes black inner sleeve & printing inside the jacket
- Band is ex-**STRIPMINES**, who was a popular Sorry State Records band

**For Fans of:** **SHEER TERROR, GAUZE, SSD, INFEST, FRAMTID, BRAIN KILLER, KROMOSOM**

Heavier, faster, and noisier than ever, **SEASICK**'s first and final LP, *Eschaton*, finally sees the light of day after three years in purgatory. Filtering New York hardcore, West Coast speed, and breakdowns straight out of Boston through Japanese d-beat, *Eschaton* is **SHEER TERROR** covering **GAUZE** covering **SSD** covering **INFEST**. Held together by oppressive levels of distortion, feedback, and negativity, *Eschaton* blends the band's former psychedelic version of Rock for Light with heavier than thou hardcore, caveman drum beats, and the guttural intensity of **FRAMTID, BRAIN KILLER**, and **KROMOSOM**. *Eschaton* defines **SEASICK**, their five years as a band, and the type of music they always wanted to make: uncompromisingly hopeless, pure hardcore punk.

**For Fans of:** **MAN IS THE BASTARD, BASTARD NOISE, NEANDERTHAL, SISSY SPACEK, INFEST, SPAZZ, NO COMMENT, LACK OF INTEREST**

**SUPPRESSION** are hot off splits with **DAHMER, ENEMY SOIL, GRIEF, DESPISE YOU, BENUMB** on labels such as Slap A Ham and Bovine... Wait, no they aren't! Those releases were 20 from years ago! RVA's **SUPPRESSION** are back after being an inactive noise group for a number of years to take the reins back on to their powerviolence purebread. This time back they have taken almost a bass-fueled mutant of **LIGHTNING BOLT** approach to powerviolence. On the flipside another '90's powerviolence powerhouse—**NOCOMPLY**— bring you 2013 brand new tracks of bass, drums, noise, and anger. Both bands have taken and warped your views of what can be done when pissed off kids of the 90's grow up and become pissed off men.

### MARKETING POINTS:

- Crazy, weird full-color glue pocket
- Two bands from the '90s with all new material
- Major old bands in the genre
