For Fans of: Early 80's/first wave hardcore

Beer City Skateboards and Records is proud to present. The CD release of the '30th Anniversary' reissue edition of the seminal early 80's hardcore band (that existed from 1981-1985 and was fronted by **REV. NORB** of '**BORIS THE SPRINKLER**' and '**Razorcake**' fame) '**SUBURBAN MUTILATION'S** *'The Opera Ain't Over Till the Fat Lady Sings!'*

This was originally released in 1984 on LP only and limited to 2 runs of 500 each. The '30th Anniversary' reissue edition not only contains the original full length. Also featured are 30 bonus tracks. Many of them never before heard! The fun doesn't stop there cause also included is a huge booklet filled with lyrics, art, photo's and show flyers. Of course this would not be complete without liner notes. Which were written by 'Rev Norb' himself; where he tells the complete story of the band from start to finish. If all that wasn't enough, we recruited Dave at 'Lucky Lacquers' to restore and remaster all the audio. So this special anniversary edition will sound even better than the original and knock you off your feet every time you play it. So don't sit around and wait for Santa Clause, the Easter Bunny or your angry drunken neighbor to bring you a copy. Head down to your local record store and buy one now!

MARKETING POINTS:

- The first band of the illustrious **REV. NORB** of **BORIS THE SPRINKLER** and **Razorcake** fame
- An early 80's first wave hardcore LP reissued for the first time since its original release in 1984

- **SUBURBAN MUTILATION** was featured on many classical early - mid 80's sought after hardcore comps such as (*Charred Remains*, *Barricaded Suspects*, *America's Dairyland*, *Birth Defect*, *Code Blue* and more
- Early 80's hardcore is very popular and sought after by fans of this genre and collectors as well.

For Fans of: **LACK OF INTEREST, TO THE POINT, FETUS EATERS,
SPAZZ, DESPISE YOU, YOUTH OF TODAY, CYBORG**

STILL carries its name well, as the music and lyrics are simply relentless. Some of the tracks on here, such as the starting track "Sickened No More", as well as "S.C.A.B." show just intense this band can be, and seems to show some inspiration from other Hardcore acts that include Grindcore, such as **NAPALM DEATH**. However, the band doesn't stray too far from their roots, as there is plenty of two-stepping, as well as breakdowns that actually work well with the music, not to mention all the de-tuned sludge inspired venom that spills forth from instruments, but the over all power put forth into the delivery will have you... as on the last record, ready to start panting babies....only this time, they'll till be in the womb.

If you like intensity with your Hardcore, then make sure to add *STILL* by **WEEKEND NACHOS** to your collection. Each track on here is pulverizing, working perfectly with music that goes back to the roots of Hardcore, as well as Grindcore and Doom elements to add to the sheer brutality of the music. *STILL* will grab you by the throat with it's teeth and shake you wildly as it attacks with punishing blow after blow.

WEEKEND NACHOS is all about their catchiness, their awesome groove parts, and their harsh vocals. There's no arguing with their unique blend of powerviolence, grindcore, and hardcore.

MARKETING POINTS:

- **WEEKEND NACHOS** tours extensively through the USA, Europe, and headed to Australia in 2013.
- Still is their 4th full length release, their 3rd for Deep Six records

BLOWFLY is the caped, masked, Original Dirty Rapper, Godfather of Hip Hop, XXX-rated Funk legend, Party Record King and The Maestro of The Miami Soul Sound.

After spending the 1960s releasing dozens of singles containing sweet soul music, Clarence Reid transformed into **BLOWFLY** and started his career of filthy funk with his classic 1969 1973 LP "The Weird World Of Blowfly." Throughout the 70s and 80s **BLOWFLY** released dozens of sexually-explicit party records and built the groundwork for future dirty rappers.

BLOWFLY has also been embraced by the rock world touring with the likes of **THE PIXIES, FISHBONE, RED HOT CHILI PEPPERS, ANTISEEN** as well as releasing two albums on Alternative Tentacles.

2014 sees the next step in **BLOWFLY's** 40 year +corruption of the music world. **BLACK IN THE SACK**. It is a hilarious romp through soul music history, which hilariously perverts the classic soul hits but also **AC/DC** and **BLACK SABBATH** as well! **TESCO VEE** appears on the album to narrate the insanity and Ohio sludge masters **FISTULA** provide the soundtrack to a perverted rendition of **BLACK SABBATH's** signature song entitled "Dick Stabbath." *Black In The Sack* is not to be missed, the party record of 2014.

MARKETING POINTS:

- *Black In The Sack* features guest appearances from **TESCO VEE & THE MEATMEN** and **FISTULA**.
- **BLOWFLY** has been touring rigorously throughout the USA and Europe including high-profile performances at The Museum Of Modern Art even The Gathering Of The Juggalos. **BLOWFLY** even performed a duet with **SNOOP DOGG** performing 'I Believe My Dick Can Fly' and his classic 'International Pricks' is featured on **SNOOP's** personal SoundCloud.
- A documentary about the career of **BLOWFLY/CLARENCE REID** entitled 'The Weird World of Blowfly' is widely available on BluRay, DVD and streaming on Netflix.

INFORMATION:

Artist Hometown: Sweden
Key Markets: Sweden, Germany, Japan, Boston, New York, Los Angeles
For Fans of: **BESTIAL MOCKERY, MOTORHEAD, HELLACOPTERS, TURBONEGRO**

Swedish death punk 'n' roll rebels, **RAWHIDE**, are pleased to spew forth, *Murder One*, their first proper full-length, via PATAC Records.

Spawned over a decade ago by guitarist/vocalist Robert and Captain Twofinger, **RAWHIDE** tips its pints to the teachings of **MOTORHEAD, TURBONEGRO, HELLACOPTERS** and **GG ALLIN**. Following three self-financed demos, 2008's *Plenty Ain't Enough* compilation, and two 7"s – the *Built To Blow* and the *Branded For Life*, which Exclaim! fittingly baptized "a grinding assault of barreling punk rock 'n' roll injected with enough malicious metal to ensure there's even more danger, intensity and cacophony than one would typically expect" – **RAWHIDE** is ready to release the proverbial hounds with the filth-ridden sounds of *Murder One*.

Comments the band in a collective belch: "God created this beautiful world in six days and it took us bastards only one record to destroy it all on our way to ruin."

Recorded in 2012 at Sunlight Studios together with producer legend Tomas Skogsberg (**HELLACOPTERS, BACKYARD BABIES, ENTOMBED** etc.), *Murder One* embraces the band's adulation of classic punk, rock, sleaze and all things deviant with ten tracks of earnest, bar brawling bedlam made of blood, guts, beer and tainted ladies. *Murder One* will be released via PATAC Records digitally and in wax format in a limited run of 350.

MARKETING POINTS:

- Three members belonged to the cult Swedish Black Metal band **BESTIAL MOCKERY** who had releases on labels such as Hell's Headbangers, Season of Mist, etc. **RAWHIDE's** lead guitarist is a member of German thrash titans **PROTECTOR** as well.
- **RAWHIDE** has been gigging continuously in their native Sweden, but also played a string of East Coast USA dates surrounding the 2013 MARTYRDOOM Festival in Brooklyn.
- The *Branded For Life* EP received a lot of critical acclaim and positive reviews keep pouring in due to the USA and European Press efforts of **EARSPLIT PR**.
- *Murder One* was recorded by the 'inventor of the Swedish Death Metal sound' Tomas Skogsberg whose achievements include the legendary recordings of: **ENTOMBED, HELLACOPTERS, GRAVE, AT THE GATES, DARKTHRONE, DISMEMBER**, etc. Needless to say, the production on this record is incredible!

For Fans of: **MINOR THREAT, BLACK FLAG, JERRY'S KIDS, SSD, CIRCLE JERKS**

No band has defined the old school mentality and sound of the early US hardcore bands more than Rome, Italy punks, **ANTI YOU**. Many bands try futilely to capture the spirit and sound of those great days, but only a band of veteran punks, well studied and with unequalled talent, like **A.Y.** They can bring the whole era together seamlessly, taking razor sharp, fast European hardcore influence from bands like **MOB 47** and **RAW POWER** and colliding it with the intensely catchy sounds of the early L.A., D.C. and Boston 1982-84 scenes, channeling **MINOR THREAT, CIRCLE JERKS** and **JERRY'S KIDS** while retaining originality and electrifying the punk world with a new set of classic punk songs for this current millennium. **ANTI YOU's** first LP on Six Weeks (the highly regarded *Two Bit Schemes and Cold War Dreams*) solidified them as true masters of the style and this new, limited 12" really pushes the whole circle-pitting mess over the top!!!

MARKETING POINTS:

- US tour kicks off late January 2014 to support new LP

INFORMATION:

Artist Hometown: Raleigh, NC

Key Markets: Raleigh, NC, Washington, DC, Austin, TX,
New York City, NY, Boston, MA

For Fans of: **PUNCH, ANTIDOTE, STRIPMINES, ABUSE.**

LAST WORDS is a band you've either never heard of, or you have heard hype about them floating around online. I am lucky to live in the town they hail from and I have seen them a number of times and I believe all the hype! **LAST WORDS** isn't much of a departure from Jeff's last band, **STRIPMINES**, who also had lightening quick riffs, strong blasts, and almost an evil hardcore nature on top of very catchy fast punk songs. Where the two bands diverge is the vocals. Marina contributes her shrill and abrasive vocals and introspective but pissed lyrics. If you want a band that makes you feel uncomfortable yet their songs get stuck in your head seconds after the B-side ends - look no further!

MARKETING POINTS:

- Female fronted hardcore (take that term as you will)
- Surprising hype surrounds this band on the Internet
- Band is ex-**STRIPMINES** --a popular Sorry State Records' band and is reminiscent of their sound
- Shares a member with **ABUSE**. (which has a new LP on TLAL, also available from ILD) & features the guitar player from **STRIPMINES**
