As well as appearing on *We Got Power Part 2 & 3* and *Welcome to AX/CTION Island* compilations. **CANCEROUS GROWTH** even attracted the attention of the then newly-formed Nuclear Blast Records who did German versions of **CANCEROUS GROWTH**'s first two LP's complete with bonus tracks!

Beer City Skateboards and Records is proud to reissue the classic, phenomenal first 7" of the early 80's hardcore band : **DIE KREUZEN** -- *Cows and Beer* ! After having been out of print for nearly 30 years the original master tapes from this ground breaking release had finally been restored, remastered and given a proper reissue!

"We are doing this because we want to squash the bootleggers," **DIE KREUZEN** singer Dan Kubinski explains. "For years they have been putting out inferior-quality bullshit and ripping off our fans. We want to give our fans a very clean, crisp, loud-and-heavy version of *Cows and Beer*. Billy Cicerelli from WMSE did the initial remastering and then Dave Eik of Lucky Lacquers did further remastering and cut the lacquers -and man, did they do an awesome job! This new version blows the doors and windows off of any other, including the original Version Sound release"

Recorded in a few hours on Sept 11 1982 at a recording studio deep in Milwaukee's south side. The result would be 6 songs that would help redefine the intensity and standard of this newly forming off shot of punk known as hardcore. Some even say this record is the paving way for another offshoot of punk that would rear its head some years latter and become known as thrash!

When this record originally came out it was limited to a few short-run pressings. This time it will be released as a special RSD release for 2014 and will come on five different colors of vinyl for a grand total of 5000! (1000 each of red, gold, blue, green & clear vinyl). To make things even more spectacular, this record will feature brand new liner notes by the band as well as the original lyric sheet and then the one from the second pressing!

The public named them the **LOUD ONES**. **LOUD ONES** was not a band name., it was a reputation!

So with the influence of punk bands they always listened to (**SEX PISTOLS, JOHNNY THUNDERS, DEAD KENNEDYS**) and one month of practice they would go into the studio and record their first demo. Without knowing it among with soon to be peers from throughout the US and Canada they would be creating a whole new genera that would be termed as **SKATE ROCK!**

That demo tape would end up being dubbed a million times and being played at backyard sessions all over the US. Over the next two years the **LOUD ONES** would play a ton of keg parties; record another demo; play shows with **GANG GREEN, THE FREEZE** and **THE FUS!** Eventually Fred would get picked up by Alva Skateboards and the band would soon fizzle out.

Then in 2012 a reunion would take place and the band would reform with **FRED SMITH, METAL MAN** (who was second drummer in 85); **BOOG, MICHAEL** and **DKNOW** . After one year of playing shows and practice the **LOUD ONES** would go into the studio to record this full length. This LP contains 15 brand and is limited to 1000 copies on translucent red vinyl for RSD 2014! Artist Hometown: Champaign & Urbana, IL
Key Markets: World
For Fans of: LIMP WRIST, AGRIMONIA, TRAGEDY

This very special **RECORD STORE DAY ILD EXCLUSIVE** comes with the new **WE MUST DISMANTLE ALL THIS!** - Decathect LP and Profane Existence magazine #64. There are only 50 copies of this available!

WE MUST DISMANTLE THIS! is plague-dark melodic anarcho-crust from central Illinois. Scandinavian-style D-beat merged with frenzied thrash, impassioned black metal, and 80's raw punk, reverberating the sounds of **TRAGEDY**, **NUX VOMICA**, and **ARGIMONIA** with lyrics that rival the despair, misery, and desolation of **DYSTOPIA**. "Decathect" means withdraw one's feelings of attachment from a person, idea, or object in anticipation of a future loss. This theme blisters from the record through ferocious riffs, layered melodies, and personal pain. Decathect is the band's fifth release in their six-year experience and represents the height of their fury, intensity, and rage at the social contagions that blacken our modern age. Profane Existence Magazine #64 is the most recent print edition of the anarcho-punk publication that has been around since the '90's. This is a 36-page fold out black and white style newsprint zine that features interviews and with **ANTISECT**, **NERROSIS**, **MISERY**, **WARTORN** and others along with rants, raves, artwork and articles on animal liberation, state repression, activism and punk rockers turned farmers... going back to the land.

MARKETING POINTS:

- This LP/Zine pack is limited to 50 copies for record store day only!
- **WMDAT!** is one of the best new underground crust bands that nobody's heard about yet
- This band is so good they don't even need hype. They just fucking destroy!

Artist Hometown: Philadelphia, New Jersey

Key Markets: Philadelphia, New Jersey, New York

For Fans of: **DEAD KENNEDYS, TSOL, PIL, WIRE, CRUCIFUCKS, MAGAZINE, BLACK FLAG, ZERO BOYS**

AUTISTIC BEHAVIOR was formed in 1980 from the doldrums of summer heat by three bored Great Adventure employees who shared similar outcast status as enthusiasts of the Punk/New Wave music scene. Fleshed out into a 4-piece unit with another like-minded oddball from a nearby county they strived to create their unique sound. All initially inspired by the **SEX PISTOLS**, they found a common love of groups like **THE BUZZCOCKS, MAGAZINE, THE CLASH, THE DAMNED, X-RAY SPEX, PIL** and **THE STRANGLERS** to name a handful. They frequented rare punk stores in the area and saw many great bands in Trenton at King Tut's "City Gardens" as well as the more established clubs in Philly and New York, they set their sights on making their own music based on the intense information they were receiving outside the mainstream. From their first gig at City Gardens with **DELTA 5**, they went on to share the stage w/ **STIV BATORS, BLACK FLAG, S.O.A., BEASTIE BOYS, ZERO BOYS, TSOL, DEAD KENNEDYS, D.O.A., MINOR THREAT, TOXIC REASONS, FLIPPER, BAD BRAINS** and more. The band lasted a few years in between the sporadic gigs, recording first in '81 and again in '82, with only two songs ever surfacing on the infamous Philly hardcore compilation, "Get Off Our Backs". A planned release on Alternative Tentacles never materialized and the group disbanded. Now for the first time ever, in celebration of Record Store Day, 32 years in the making SRA Records is releasing *Shattered Cattle* on limited edition, multi-colored album w/ lyric sheet/photo collage. Hear for the first time un-released classic punk tunes like "Trapped In A Fad", "Blind Silence", "Risk Of Infection", "Killer Forces", and "AB Scam" along-side "TV Messiah" and "Powerhead" which are now re-mixed and re-mastered.

MARKETING POINTS:

- Unreleased 1982 LP available for the first time!
- LP and cassette come with download code (with bonus tracks)
- Mixed from the original source multitrack reels, mastered by James Plotkin
- CD comes with a 10-panel insert with lyrics and photos

Featuring guest vocals from Tony Foresta (**MUNICIPAL WASTE**, **IRON REAGAN**) as Henchman #1 and the inimitable R.A. MacLean (ex-**DEADBOLT**) as Kreeg. Surely an anomaly in **GHOUL**'s catalog, the EP features songs written exclusively in their unique brand of surf metal the quartet has previously only dabbled in. *Hang Ten* picks up right where *Transmission Zero* left off, relaying the tale of a Creepsylvania in tatters, and the terrible power struggle that ensues between two vicious motorcycle gangs. The fans will agree, or be killed— this is a great record!
