For Fans of: **HOT WATER MUSIC, CHEAP GIRLS, FOO FIGHTERS**

The second album by Yorkshire's **ABOVE THEM**, *Are We A Danger To Ourselves*, succeeds completely at its goal— to be the sharpest punk rock music. *Are We A Danger To Ourselves* keeps you coming back for more, but unlike so much music today it rewards you for doing so, giving you the experience of a fulfilled— and somehow still yearning— lively potential, one that will be further realized when the songs are performed live.

From the exhilarating and propulsive “Temper like a Hand Grenade” which sees **ABOVE THEM** at their driving, energetic best, to the expansive final statement of *Are We A Danger To Ourselves*... Oli Wood, Mark Young, Tom Robinson, with the new addition of **LEAGUES APART** guitarist Adam Bilboa enable the listener to feel their music in ways that are immediate and pleasurable but also lasting and haunting.

For Fans of: **THE SUICIDE FILE, CONVERGE, THE HOPE CONSPIRACY**

Portsmouth's finest, **ATTACK! VIPERS!**, is back with its 2nd full length, *Deadweight Revival*. This is their eighth release since its formation in 2006 and after a number of singles and splits with the like of **ASTPAI, YOUNG LIVERS, WORN IN RED, LAVOTCHKIN** and their 2007 album *The Mirror & The Destroyer*, **ATTACK! VIPERS!** manage to take it one step further with its latest effort. Twelve new songs push the band's love of punk, rock and hardcore— the end result of a challenging few years dealing with personal struggles and loss.

This second full-length came together under the ever patient eye of long-time collaborator Rich Tamblyn (**THE DAWN CHORUS, AUTONS, FRANK TURNER**) at the old Blacksmiths in Portsmouth with Pete Miles (**THE KING BLUES, CRAZY ARM & SONIC BOOM SIX**) bringing it to a crushing close at the end of 2011 by mixing and mastering the whole affair.

"For once, the exclamation marks are justified. Our verdict? Bloody! Good! Innit!?"
-- Rock Sound

"This is dark shit fuelled by rage and it tears up the hardcore & metal rulebooks and eats them, then devours your whole fucking family"
- Big Cheese

INFORMATION:

Artist Hometown: Bristol, UK
Key Markets: New York, NY; Philadelphia, PA; Gainesville, FL
For Fans of: Members of **BEDFORD FALLS, CAVES & ATTACK! VIPERS!**
FFO: **BEST COAST / DINOSAUR JR**

The first release from Bristol, England's, **PERSONAL BEST**. Members of **BEDFORD FALLS, CAVES & ATTACK! VIPERS!** giving their take on '90s indie rock. *The Lovin' EP* mixes jangly, riffy, '90s-worship with neatly-crafted power-pop confidence. It's a short n' sweet eleven minutes of fuzzy, warm loveliness that will have you reaching for the needle to give it another spin. There's a shed-load of melody packed into these four songs; averaging at two-and-a-half-minutes a pop, just enough time to get you hooked without overstaying their welcome.

Lyrically, **PERSONAL BEST** flirt at the edge of something deeply, well, personal. Longing, lack of consummation, and masochism are all hinted at but never made explicit; there is much insinuated by the opener, "Don't Let Them Touch You", and the voice of frustration and disappointment goes on to make some cutting remarks in "The Tide" and "Ice-Cream". "Conkers" is the only song that is unashamedly loving in the positive sense, a rollicking singalong that captures the paralyzing, exciting addiction of being in love. This is not the kind of debut that simply shows promise, but one that'll be hanging around your turntable for weeks, and probably longer.

MARKETING POINTS:

- Members of well UK bands **BEDFORD FALLS, CAVES & ATTACK! VIPERS!**
- Artwork by Lauren Denitzio of **WORRIERS/THE MEASURE**
