Teenage Retirement is CHUMPED's debut LP and follow up to their critically (*Billboard*, *Vice*, *AV Club*) acclaimed self-titled EP released in 2013. Twelve killer, catchy heartfelt punk rock (ish) tunes that are sure evoke a reflection on daily life (or at least a trip to the local dive bar for a whiskey or ten) and the folks we hold near and dear. These boys and girl have really out did themselves this time around and *Teenage Retirement* is destined to be atop your year end list!

Oh, and in case you forgot... When you're friends with some chick who you hang out with or whatever, who then starts dating some other chump and never talks to you ever again. This leaves you sitting there on a cold leather couch in your underwear playing Wii bowling, drinking stale MGD, and wondering where the hell your friends are. *Dude...you got chumped!*

- Named one of *Billboard's* Top 10 new school pop-punk bands you need to know
- Named one of the 10 bands that make the NYC punk scene better than yours by *DyingScene.com*
- Brixton Agency PR

- "There is something instantly likeable about it. Chalk it up to the killer female vocals, the feeling of collective youthfulness, or just the fact that it is catchy-as-hell." - *Vice/Noisey*

Millions of Dead Cops is the first iconic, full-length classic record by **M.D.C.** This was first released in 1981 and quickly became an overnight sensation. Not only did **M.D.C.** deliver a record full of fast intense music, but this record would influence 1000's of hardcore/punk and bands of political nature to this day. The corruption of cops! Greed of corporations! Racism! The fact that not all people were the same, but so what- that's OK! Are all addressed in this groundbreaking LP. Many of these issues were quite taboo at the time and had not been addressed to this degree in punk before. Round it all off with this being fully restored and re-mastered with the original mix. You have a definite must-have album!

It was 1984 and there was a gigantic famine going on in parts of Africa especially Ethiopia. **M.D.C.** attacked the problem head on. Artist Hometown: Fullerton, CA, USA

For Fans of: **SCREAMERS, MIDDLE CLASS, ADOLESCENTS, WEIRDOS, GERMS**

The title comes from a 1980 concert. The infamous Eddie of **EDDIE AND THE SUBTITLES** asked "Anyone want to hear 'Louie Louie'?" and the singular response came back loud and clear: "FUCK YOU EDDIE!" And so 28 years later that witty comeback graduated from the title of **EDDIE AND THE SUBTITLES'** debut 45 to the Frontier Records compilation LP featuring both sides of the aforementioned 45, the crème of their LPs *Skeletons in the Closet* and *Dead Drunks Don't Dance*, as well as several unreleased demos. **EDDIE AND THE SUBTITLES** had a critical role in creating the Orange County punk scene. In their heyday, all the lands south of Los Angeles were even known as "The Eddie Empire." The tracks on *Fuck You Eddie!* are at once sloppy, fast, fun and profound in their own way. No punk rock collection is worth a damn without it!

For Fans of: **THIN WHITE ROPE, GIANT SAND, DREAM SYNDICATE**

MUMMYDOGS formed in northern California several times between 1996 and 2000. They named themselves after the frankfurters that go round and round at the mini-market and are never purchased. First they learned the theme song for the '60s cartoon show *King Kong*. Like their namesake, it was funny and sad and kind of Egyptian. Following detours through **BARRY WHITE, ENNIO MORRICONE**, delta blues and cracker country, **MUMMYDOGS** developed a grungy melodic pop sound laced with maracas and feedback. Paul Takushi (drums) and Cary Rodda (bass) build a corral for Guy Kyser's overheated acoustic guitar and Johanna Kyser's rumbling keyboard. **MUMMYDOGS** include former members of **THIN WHITE ROPE, CHANCE THE GARDENER, BEATRICE 9, JEM AND SCOUT**, and **THORNUCOPIA**.
