INFORMATION:

Artist Hometown: Weymouth, Mass

Key Markets: USA, Europe, Japan, Australia, South America

For Fans of: **RIPCORD, HERESY**

Kurt Habelt, Henry McNamee, and Rob Williams formed what was to become **SIEGE** around 1981. The three youngsters from Weymouth, Massachusetts had been playing music together since 7th grade or so. The band didn't really solidify until they recruited ska band saxophonist Kevin Mahoney on vocals in 1983. They were definitely not lacking sonically, however, playing furious music at breakneck speed and pioneering a new style of brutal and nihilistic hardcore. In 1984, **SIEGE** went into Radiobeat studios to record a demo with Lou Giordano. The tape made its way through the hardcore punk underground, and clearly made an impression on **PUSHEAD** for one, who included **SIEGE** on his seminal 1985 compilation *Cleanse the Bacteria*. **SIEGE** called it quits a year or so later. In the early 90's, Siege reformed with Seth Putnam (of **ANAL CUNT**) replacing Mahoney on vocals, although the band dissolved again fairly soon after. In addition, **SIEGE** had an impact on Uk bands like **RIPCORD**, **HERESY**, and **NAPALM DEATH**. Besides playing Boston-area shows, **SIEGE** would also play shows in the Western Mass area with bands like **DEEP WOUND** and **THE OUTPATIENTS**. **SIEGE** has left an impact on the hardcore scene, with its intense style of influential hardcore. Highly recommended for someone looking to listen to some chaotic hardcore!

MARKETING POINTS:

- **SIEGE** 's three songs from the *Cleanse the Bacteria* compilation and six-song demo
- **SIEGE** 30th anniversary edition...restored definitive sound...with original session's outtakes

For Fans of: BASTARD NOISE, NEUROSIS, CROSSED OUT, CRASS, G.B.H., EXPLOITED

Similar to the "First Music/First Noise" reissued split 7" from DEEP SIX RECORDS last year, "A Call For Consciousness" / "Our Earth's Blood" 7" (side one), connect two completely different "faces of the skull" and join them onto one glorious 10" 45 rpm reissue bound to be a welcome addition to any "skull servant's" licorice pizza collection. "A Call For Consciousness" is comprised of five deep, dual bass and drum hook-laden tracks again investigating the properties of bastardization through **M.I.T.B.**'s specific musical strategy and profound lyrical documentation. Originally released as a split 8" with **BORN AGAINST**, side two of this reissue features side one of the debut 7" "**Our Earth's Blood**". Fully blown vocal/lyrical desecration concerning man's selfish and destructive acts/philosophies accompanied by **BARNES** original **ROARAF** "caveman electronics", this was one of the first sessions for **BASTARD NOISE** and it proved very early on that noise IS music and that "THE SKULL" is here to stay...

INFORMATION:

Artist Hometown: Germany

Key Markets: Worldwide Metal Community

For Fans of: **KREATOR, SODOM, DESTRUCTION, FLOTSAM & JETSAM, MORDRED, METALLICA**

During the height of the worldwide thrash movement there were several epicenters of activity. While New York and the Bay Area were perhaps the most prominent, Germany's big three; **SODOM, KREATOR** and **DESTRUCTION** were leading the charge on the European front. However, what some thrash fans may not be aware of is that there was a secondary stratum to that scene which had some phenomenal, albeit lesser known, acts recording some ambitious material. **GRINDER** were one of those bands who released three albums worth of "in your face" thrash/speed metal during their brief existence. Divebomb Records is excited to present a deluxe edition of their outstanding debut album, *Dawn For The Living*, which features not only four bonus tracks but a new essay by Noecho.net's Carlos Ramirez and archival photos provided by the band members themselves.

Dawn For The Living has been out of print for nearly 20 years and was originally fetching high dollar collector prices online until bootleg copies began to circulate within the European market. Divebomb Records and the members of **GRINDER** have partnered up, once again, to take on these illegal activities directly by issuing a band-approved deluxe edition reissue. We hope that we can take the music back and support the artists that created it rather than support those simply repressing "knock off" copies for a quick buck. As always, we are fans doing this for the fans!

MARKETING POINTS:

- Four bonus tracks
- Band supplied archival photos/show flyers: 12 page booklet
- Brand new essay by Carlos Ramirez of Noecho.net
- Produced by Kalle Trapp (**BLIND GUARDIAN, DESTRUCTION, KREATOR, DRIFTER, PARADOX, ETC**)
- First time on CD in North America
- Out of print nearly 20 years
- Limited edition
- New mastering by Jamie King
- Layout/Restoration by Adam Peterson (**WATCHTOWER, EPIDEMIC** and **SOLSTICE**)

INFORMATION:

Artist Hometown: Louisville, KY

Key Markets: Los Angeles, New York, Austin, Boston, Portland, Chicago

For Fans of: MISFITS, ANTISEEN, MIDNIGHT, SLAYER

The brand NEW full-length from Kentucky's raging horror punk metal masters, **HOOKERS!**

The new album is a blistering onslaught of some of the BEST new horror metal around today, like a mix of **SLAYER's** *Reign In Blood* with **THE MISFITS** *Earth AD!* This album is NON-stop brilliance from start to finish! A must for fans of catchy, horror-inspired music that makes you rage like a lunatic! Cover art by wicked horror artist, Josh McAlear!

"Something's extremely catchy with the new **HOOKERS** Patac is pimping. Steeped in a cauldron of toxins left by the band's back catalog and heritage of heaviness, *It's Midnight* is the bloodthirsty culmination of these veteran rockers' sadistic expertise and relentlessly sociopathic punk passions. The album has a real classic feel; joyously morbid and instantaneously anthemic, with the show-stopper bombast of each of these 13 visceral death-knells soaring over carnage-darkened gaff hooks of guitar riffage. Adam Neal on lead shredded larynx, snarls and bellows murderous laments and death threat screeches at the helm of a traditional, careening hard rock horror machine. Satanic balladry and revenged crazed-retching feature prominently, to truly uplifting effect. Heavy gallops stomp home with grim shrieks and fist-shakes in the timeless, dark formula of rock and fucking roll. After a long death march strewn with dead posers, to have the journeyman lay their best at listeners' feet like this is an act of generosity and greatness. As usual, the 'bonus track' is my personal favourite, "Teenage Blood" is the drinking song of Summer 2015 and beyond, and after heavy circulation *It's Midnight...* goes with the heaviest of my new records."

—Robert from **SIEGE**
