Out of print for over 33 years, the classic early 80's hardcore/thrash 7" **THE CLITBOYS**, *We Don't Play the Game*, is finally being released! All seven original raging tracks have been restored, remastered and are better sounding than ever before. This run is limited to 1500 on translucent gold vinyl. Not only does this reissue contain a gatefold cover complete with lyrics on the inside, but brand new liner notes by the bass player as well.

THE CLITBOYS were not only one of the original early 80's hardcore/thrash bands, they also choose to take a route no other hardcore bands had yet to tread—being one of the first hardcore bands to be openly pro gay. Not only were they way ahead of their time, they also put themselves at personal risk by taking such a stance in 1982. **THE CLITBOYS** definitely paved the way for the many homocore bands that would come along much later on.

The original 7" was released in 1983 in very limited quantities. Over the years it has become very sought after with the original copies running hundreds of dollars IF you were lucky enough to find one!

MARKETING POINTS:

- Restored & remastered to sound louder and more raging than before
- This is a rare 7" EP that has been sought after and out of print for decades
- **THE CLITBOYS** are considered by many the godfathers of homocore giving them a huge, diverse following

SMALLTALK

PLUS!, LP / CD

STREET DATE: November 27, 2015 BLACK FRIDAY RELEASE

INFORMATION:

Artist Hometown: Asbury Park, NJ

Key Markets: New Jersey, New York City, Philadelphia, Chicago, San Francisco, London, Berlin

For Fans of: **THE WEDDING PRESENT, THE SMITHS, THE JESUS AND MARY CHAIN, THE CURE, ORANGE JUICE, ECHO AND THE BUNNYMEN, PSYCHEDELIC FURS**

Lovelorn, conversation-like lyrics, guitars jangling over pounding rhythms, an idiosyncratic vocal style, and a healthy nod to any number of old-school indie-pop and post-punk acts; **SMALLTALK Plus!** collects all four of the bands out-of-print, vinyl only, EP releases.

"Like Steve Lillywhite's productions of **U2**, **SIMPLE MINDS**, **CHAMELEONS**, and **BIG COUNTRY**, with a harder Amer-indie flavor." - Jack Rabid / *The Big Takeover*

"Rather than hook-laden, high energy punk, **SMALLTALK** pays homage to the darker, more melancholy acts of the 80's and early 90's ... intelligent, poignant songs that are both instantly recognizable and obtusely unique." - Rich Quinlan / *Jersey Beat*

"NJ's **SMALLTALK**, featuring Zak Kaplan of **WORTHLESS UNITED** and Pete Steinkopf of **THE BOUNCING SOULS**, may be the best Punk-Rock supergroup to absolutely refrain from dabbling in the genre where its members cut its teeth." - Chris Rotolo / *Speak Into My Good Eye*

MARKETING POINTS:

- Double 12" vinyl cut at 45RPM (vinyl version)
- Four different versions of cover art with matching colored vinyl for each version (vinyl version)
- Includes digital download card
- Remastered for compact disc
- Leaders of the New Jersey neo-pop uprising
