Artist Hometown: GERMANY

For Fans of: **INTRUDER, POLTERGEIST, CORONER, PROTECTOR**

Formed in Germany in 1986, **DESPAIR** dealt out thrash of the highest order over the course of their next six years together. Originally lead by vocalist Robert Kampf, **DESPAIR** issued their debut album, *History of Hate*, in 1988, but he exited the band before their next full-length so he could concentrate his energy on Century Media, the future label powerhouse he founded that year. The group then hired former **APOSTASY** vocalist Andreas Henschel as Kampf's replacement and released their critically acclaimed sophomore full-length, 1990's *Decay of Humanity*.

By the time the band went into Tonstudio Mohrmann in Bochum, Germany to record their next album, guitarist Waldemar Sorychta emerged as a force to reckon with, in front and behind the scenes. The guitarist seized the producer reigns on 1991's *Beyond All Reason*, a well-rounded onslaught of thrash and more traditionally minded heavy metal that is the finest moment in their discography. As fierce as *Beyond All Reason* proved to be, it was sadly their swan song.

Divebomb Records is excited, at long last, to reissue **DESPAIR's** third and final album, *Beyond All Reason*. This reissue features all new digital mastering with expanded layout featuring lyrics and brand new essay by Carlos Ramirez (of NoEcho.net). For the fans, by the fans...

Formed in western Germany in 1984 under the name Samhain—and releasing three demos prior to rechristening themselves **DEATHROW** in 1986 for their debut full-length outing, *Riders of Doom* (a.k.a. *Satan's Gift*)—**DEATHROW's** early years laid a foundation of relentless Teutonic thrash. In 1988, however, guitarist Thomas Priebe was replaced with Uwe Osterlehner, which ushered in a much more technical and dynamic approach for the group's third album, *Deception Ignored*.

Four years later, having severed ties with Noise Records, 1992's *Life Beyond* became **DEATHROW's** lone outing as a part of the growing roster of West Virginia Records (run by Andy and Sabina Classen from Holy Moses). Having decided that *Deception Ignored* may have been overly complex in hindsight, the quartet opted to streamline their approach for album number four: injecting *Deception Ignored's* intricacy and melody with a dose of focused, aggressive thrash from their early roots—a fitting end to the “second phase” of **DEATHROW's** career.

Now, nearly 25 years later, Divebomb Records is proud to present this expanded reissue of **DEATHROW's** *Life Beyond*—fully remastered by Jamie King at The Basement Recording, and including a slew of archival photographs direct from the band plus full lyrics as well as a brand new essay by Andrew Westerhouse (of NoEcho.net) with participation from guitarist, Uwe Osterlehner. For the fans, by the fans!

INFORMATION:

Artist Hometown: Long Beach, CA

Key Markets: Worldwide Metal Community

For Fans of: **DARK ANGEL, DEVASTATION, SOLSTICE, MORBID SAINT**

Formed in a Long Beach, CA garage in 1985 when the average age of the band's members was just 15 years old, **SILENT SCREAM**'s brief run into the early-'90s still managed to leave a mark on the California thrash scene. Soldiering on through a revolving door of guitar players across three demos, the group solidified its core lineup of Mario Atencio (bass/vocals), Cris McCarthy and Tom Perry (guitars), and Patrick Short (drums) leading up to their sole full-length offering, *From The Darkest Depths Of The Imagination*.

Originally released in 1992 by Tombstone Records, *From The Darkest Depths Of The Imagination*'s eight tracks put forth a meaty, midpaced style of thrash—reminiscent of other high-level early-'90s gems such as **DEVASTATION**'s *Idolatry* and **DARK ANGEL**'s *Time Does Not Heal*. This is perhaps no coincidence, as the sessions were produced by none other than the legendary Gene Hoglan of Dark Angel—who also contributed lyrics and a guitar solo to two of the album's choice cuts.

Divebomb Records is now excited to present *From The Darkest Depths Of The Imagination* in a deluxe edition format: newly remastered by Jamie King and featuring their first demo, *Thanatopsis*; as well as a retrospective interview, plus unseen photos from the band's archives. For the fans, by the fans...

WITCHING ALTAR came into being in the year 2011 with but a single desire; to fulfill their oath of reverence to the traditional doom metal cult. T. INFORMATION:

Artist Hometown: Sweden

Key Markets: Worldwide Metal Community

For Fans of: **DEICIDE, MORBID ANGEL, VADER, BLOODBATH, EDGE OF SANITY**

Legendary Swedish vocalist/multi-instrumentalist/producer Dan Swanö is perhaps best known for his work with **EDGE OF SANITY, NIGHTINGALE, BLOODBATH**, and recently **WITHERSCAPE**. Active since the early '90s, his career runs much deeper than this revered quartet, having produced seemingly countless bands from across the metal spectrum (**OPETH, DISSECTION, KATATONIA, ASPHYX** to name just a few) as well as launching or taking part in side projects including **MOONTOWER, ODYSSEY, PAN.THY.MONIUM** or **INFESTDEAD**.

The latter formed in 1993 and released two albums - *Hellfuck* (1997) and *JesuSatan* (1999) - plus EP/split releases. From the debut EP *Killing Christ*, vocalist Dread (**TORMENTED**, ex-**MARDUK**) and Dan had only one goal in mind: to create classic US inspired death metal like **DEICIDE** and **MORBID ANGEL**. The result was astonishing and in its remastered fashion sounds even more convincing and is blessed by Swanö's incredible songwriting talent. Even if it's just plain and violent death metal, Mr Swanö turns everything he touches into amazing music, be it prog or unholy extreme metal!

Satanic Serenades is an official 40+ track anthology release of the entire **INFESTDEAD** catalog that now shall haunt the holy again!

MARKETING POINTS:

- Satanic Serenades unites all recordings by this Swedish death metal act led by Dan Swanö (**WITHERSCAPE**, ex-**EDGE OF SANITY**, ex-**BLOODBATH**) Includes the long deleted late 90's albums expanded with EP and demo material

INFORMATION:

Artist Hometown: Boston

Key Markets: Massachusetts, Maine, Rhode Island, California

For Fans of: **GRIEF, WARHORSE, EYEHATEGOD, CORRUPTED**

Massachusetts four-piece **CONCLAVE** not only draw on the inspirations of bands such as **BLACK SABBATH**, **EYEHATEGOD** and **AUTOPSY** with their debut full-length, *Sins of the Elders*, but combine their death and doom influences into a unique blend of heavy grooves, pounding sludge and melodic doom; all of which tantalize the listener to dig further. Their sound emerges difficult to categorize, but still pleasing to fans of all facets of metal.

With a musical resume that includes such acts as **WARHORSE**, **GRIEF**, **COME TO GRIEF**, **DISRUPT**, **DESOLATE** and **MARTYVORE**, it would only make sense that this New England collective are no strangers to working with record labels such as Relapse, Southern Lord and Century Media. Through several bands and projects together, **CONCLAVE's** members have honed their approach to a bludgeoning impact, and their album is the culmination of everything they've experienced to this point, musically and personally.

Sins of the Elders was recorded with Eric Braunschweiger at Raven's Head Studio in Allston, MA. Building off their 2014 self-released EP *Breaking Ground*, the band offers 9 tracks of staggeringly heavy and atmospheric oppression and continue to stamp out their own musical path. There will be no bowing down to trends or watering down the riffs with this band. It's pure and honest metal in an uncompromised form.

MARKETING POINTS:

- Debut album featuring members of legendary doom metal acts **GRIEF** and **WARHORSE**
- Huge demand generated from the re-releasing of classic **GRIEF** and **WARHORSE** material and the all new material of **COME TO GRIEF**.

INFORMATION:

Artist Hometown: Philadelphia, PA

Key Markets: Philly, NY, Baltimore, Chicago

For Fans of: INFEST, CAVE STATE, SPAZZ, MAGRUDERGRIND

Backslider has been a mainstay of the Philly scene since 2009 when they started up. They have recently added Jake (ex **REBUPLICORPSE**) to the ranks as a bass player so this CD represents a time capsule of the band's sound as one of the most crushing two-piece powerviolence bands ever to grace a stage. In five years they racked up 51 tracks between their *self titled EP*, the *Maladapted EP*, their splits with both **CHAINSAW TO THE FACE**, and **NIMBUS TERRIFIX**, the *Consequences 10"*, the *Reality 5* comp tracks, and their very first output, the *Skull Fracturing Fastcore* demo tape. If you haven't been lucky enough to see the band or hear their music, the band mixes uncomfortably fast fastcore/powerviolence with some unconventional stoner metal and death metal style riffs. Professionally mastered from original sound sources by Dan Randall at Mammoth Sound, this is a great grab and a no-brainer to grab so much out-of-print material

MARKETING POINTS:

- Comes with a cool OBI strip
