Somerset, KY's **OLD WOLF** began as a drunken conversation in February of 2014 during a night full of debauchery and headbanging. Solidifying its first lineup by the summer of 2015, the old school power metal aficionados were well-prepared to act as crusaders for the New Wave of Traditional Heavy Metal. Hitting the scene with a three-song cassette/CD demo in late-2015, the band worked to establish a live presence over the course of the following year, at which point the demo was picked up amidst the premiere edition of the Divebomb Records *Masters of Metal* compilation series. Work on new material ensued, but progress hit a snag and **OLD WOLF** set upon a six-month hiatus to refine its ranks later in 2016.

Back in the studio by March of 2017 with a new lineup comprised of guitarists Jake Wilson and Jerome Peters, Jason Norfleet on drums, bassist Josh Campbell, and vocalist Rick Langford, **OLD WOLF** set out to finally complete their 10-song debut full-length, *Faustian Mass*, through a continuing collaboration with Divebomb Records. Produced by **OLD WOLF** alongside engineer Scott Briggs at Velocity Studios in Cave City, KY, the album strives to shred faces through even more neck-breaking riffs than before.

With *Faustian Mass*, **OLD WOLF** is sure to inspire fans of any number of classic acts from the U.K., Europe, and the U.S. alike with their fist-raising brand of classic metal anthems, and are out to prove once and for all that true heavy metal will never die...

INFORMATION:

Artist Hometown: Boise, ID

Key Markets: ID, CA, AZ, TX

For Fans of: NEOS, LARM, ELECTRO-HIPPIES, WEEKEND NACHOS

They say that it takes ten thousand hours to master anything. Using that logic, Boise's **HUMMINGBIRD OF DEATH** has then practiced a bit over two hours a day for their twelve years as a band to hit this mark right before going into the studio to record *Forbidden Techniques* because the Boise boys have put together an absolute masterpiece. Twenty four songs in twenty four minutes will decimate your mind and memory for twenty four hours after listening. HOD has been perfecting their song and taken nods from **NEOS**, **LARM**, **ELECTRO-HIPPIES**, and all things fast and has taken twelve days in the studio formulating a fastcore mental maze of weaving/looping riffs and runs that will leave you breathless and satisfied. This is the best recording, best effort, and best material of the ever-evolving purveyors of playing faster than fast.

MARKETING POINTS:

- Twelve years of hard work and establishment as a band
- Cornerstone of Idaho extreme music
- Full color cover with amazing artwork from Lucas of **XBRAINIA**
- Best output to date

INFORMATION:

Artist Hometown: Los Angeles, CA / Boston, Mass

Key Markets: CA, MA, TX, Germany

For Fans of: LACK OF INTEREST, E.T.A., LIFE'S HALT,
WHAT HAPPENS NEXT, INFEST, SPAZZ, NEANDERTHAL,
MAN IS THE BASTARD, SCHOLASTIC DETH

ACxDC has been on a rampage since their revival and the release of *Second Coming*. For this split they produce four more straight-forward hardcore punk ditties with less blasts than in the past and more knuckle-dragging than you've come to expect from this heinous group of miscreants. Super memorable hooks and lyrics as only ACxDC can bundle up. For the first time on vinyl we'd like to welcome GOOLAGOON, who summon the ghost of ACxDC's early days but with a blasting punk ethos. Honestly to me, this sounds like if LACK OF INTEREST were to do a split with LIFE'S HALT, or INFEST were to do a split with E.T.A., or if NO COMMENT were to do a split with SCHOLASTIC DETH. Bonus points go to GOOLAGOON for actually doing an amazing SCHOLASTIC DETH cover to finish their side. ACxDC really give some on point new material to sink our teeth into and do a great job to usher in the newest band that is about to spread around the powerviolence world.

MARKETING POINTS:

- ACxDC has been hard working and is well sought after
- New up-and-coming band GOOLAGOON is being featured for the first time on vinyl
- SCHOLASTIC DETH cover
