BASTARD NOISE "HUMAN HORROR HYMNS" sees continuous member Wood adding Saira Huff (ex-DETESTATION, ex-QUESTION) as a key writing figure and second vocalist to expand BN's "cinematic skull vision" and attack. The fusion of Huff's razor sharp, assault and Wood's trademark "OUR EARTH'S BLOOD" varied voices, "HUMAN HORROR HYMNS" is a sequenced quadruple compositional journey into the psyche of evil human ignorance, willingness to slaughter innocent beings in constant holocaust number and an unwillingness to act a respectful "guest" on this sacred blue and green sphere. Easily the most unreal production **BASTARD NOISE** has ever acquired. Transcending, insect war electronics that will carry the listener through the perplexities of the inner "human waste" mind.

ACTUARY: Haunting and syrupy textures...demonic vocals, & hostile inter-planetary insect take downs. The perfect balance of ear torture & ecstasy.

INFORMATION:

Artist Hometown: USA
Key Markets: Worldwide Metal Community
For Fans of: ICED EARTH, BLIND GUARDIAN, HELION PRIME, JUDICATOR

Consisting of Jason Ashcraft (guitars) from **HELION PRIME** and John Yelland (vocals) from **JUDICATOR**, **DIRE PERIL** has signed with Divebomb Records for the release of their long-overdue debut full-length, *The Extraterrestrial Compendium*. Available on November 9th, 2018, the album will feature guest performances by Brittney Slayes (Unleash the Archers)—reprising her role as Barbarella for a re-recorded version of “Queen of the Galaxy”—and the mighty Arjen Anthony Luccassen (Ayreon, Star One, The Gentle Storm), who lends his voice and guitar skills to album-closer “Journey Beyond the Stars.”

Ashcraft comments, “I have been biting my tongue, mostly, for about three years now that we got Arjen to perform on one of our tracks. Those who know me understand that this is a dream come true for me. Arjen is a huge inspiration to myself and my music, and to have had the honor to work with him is something that will be a main highlight throughout my career. He is very humble and great to work with. I hope everyone is as pleased with the outcome as I am.”

Each of *The Extraterrestrial Compendium*'s 12 tracks is based on a sci-fi film. “I always loved the idea behind Iced Earth's Horror Show—making each song based on a famous monster film. If it isn't obvious from the music, I'm somewhat of an Iced Earth fan,” states Jason, “so when coming up with ideas for this debut, I thought it would be cool to take a similar direction, but with something that I'm passionate about. As you can see by the final result, we get an album based on some of my all-time favorite sci-fi films. It was certainly hard to choose, as I could probably make **DIRE PERIL**'s entire career on favorite films alone.”

Together, the duo—through many obstacles—is prepared to present *The Extraterrestrial Compendium* to the world, as well as the friends and fans who have waited so patiently. Yelland notes, “Working on this album was a joy. I had always admired Jason's material, so the opportunity to collaborate with him was irresistible. I am so proud of what we have accomplished, and can't wait to share this—and more—with the world...”

MARKETING POINTS:

- Hype and lyric videos to be serviced to all metal media outlets prior to/upon release
- Supported **SIRENIA** and **THREAT SIGNAL** on US tour in Spring 2018

INFORMATION:

Artist Hometown: Cleveland, OH
Key Markets: Cleveland, Boston, New York, Chicago, Austin, Los Angeles
For Fans of: EYEHATEGOD, DYSTOPIA, BUZZOVEN, GRIEF

To commemorate 20 years of sludgecore insanity, Ohio volume abusers, **FISTULA**, will rerelease their 2016 Longing For Infection for a deluxe vinyl presentation. The scathing follow-up to the band's critically-adored 2014 sludge opus, *Vermin Prolificus*, *Longing For Infection* was recorded and engineered by Dave Johnson (**MIDNIGHT, INCANTATION, SOULLESS**) and features the return of **FISTULA** founding member Bahb Branca on second guitar, furthering the band's already torrid brand of sonic violence. This deluxe reissue features additional guitars, remixed drums, unreleased track plus an additional bonus 7" to bring you Longing For Infection like you've never heard it before!!!

"Longing For Infection is going to boil down, for most people, to how much they like their music kept old school, and how absurd they like their content. When you break down this album, it's something that Joe D'Amato and Lucio Fulci would be proud of in terms of grisliness, and Mario Bava would love because of how colorful it can be. It's over-the-top, tongue-in-cheek and merciless." - METAL INJECTION

"**FISTULA** makes dark, hideous music. It celebrates the boils of life and the vices that numb the self-hatred. The music parallels these feelings with nasty, bludgeoning riffs and rhythms. Audiences that want to unearth the corpse of good taste should tap a vein with this." - NEW NOISE MAGAZINE

"Longing For Infection flows remarkably well as an album, and the all-new songs here are crushing, with 'Loyal To The Foil's rancid, dopesick groove, 'Too Many Devils And Drugs' rambunctious '80s hardcore streak and the strung out yet bizarrely catchy 'Detox' proving once again that when it comes to sludge, **FISTULA** have got it covered." - TERRORIZER! MAGAZINE

"Gloomy and overwhelmingly heavy, 'Longing for an Infection' is a sludge metal gem that incorporates bits of hardcore, doom and stoner metal to form a deadly concoction. **FISTULA's** noisy, obnoxious take on the style is something I'd recommend to any extreme music fan. Get this record and let the filth drown you and your miserable life." - TRANSCENDING OBSCURITY

"It's party music for morbid, drug-addled misanthropes, and it sounds like how I imagine Bowen's Basement looks, but with more dirty needles and snuff-porn. Shower after listening." RUE MORGUE

MARKETING POINTS:

- First pressing limited to 500 copies, WHITE VINYL is available to stores!
- Featuring all new, stomach-churning artwork of Maegan LeMay. Even a poster!
