Risen from the sunny Bay Area of California, **INANIMATE EXISTENCE** continues to prove to the world that they are one of the most diverse, innovative, and productive acts to come from the death metal scene in many years. With 4 studio albums since 2012 and the fifth to be released May 10th via The Artisan Era Records entitled *Clockwork* their sound continues to evolve using the varying attributes of many sub genres that build a truly one of a kind discography. From the relentless beat down of BDM, to the soft spacey feel of jazz fusion, into the evil strumming triads of black metal intertwined with acoustic and instrumental tracks, every album creates an atmosphere all its own. After many musicians have come and gone, the core of the group still remains with founding members Cameron Porras and Ron Casey and long time bassist Scott Bradley. Their newest full length, *Clockwork* will be the second album done with only 3 members and will showcase the trio's ability to work as a tight group to produce fresh music unlike any other group today.

FOR FANS OF: OPETH, ULCERATE, ENFOLD DARKNESS, DODECAHEDRON

Chicago's **WARFORGED** is looking to carve out their own spot within the world of progressive death metal.

Through the years, the band has developed an underground hype within their niche, opening up for national and international legends **THE BLACK DAHLIA MURDER**, **DYING FETUS**, **THE FACELESS**, **DECAPITATED**, **HATE ETERNAL**, **NE OBLIVISCARIS**, **BEYOND CREATION**, and **DECREPIT BIRTH**, among many others.

The quintet made waves in 2014 with their first release: *Essence Of The Land* - a 14 - minute, four song ghost story through the swamps of old time America - and again in 2015 with their eight minute single: *Two Demons*. The releases laid the foundation for the band's songwriting ethos and concepts: horrifying & beautiful, dynamic & aggressive, harmony found through dissonance, an ebb and flow through drama and resolution, a flirtation with memory, a call for collaboration, personality and reality - immense emotional energy seamlessly woven within the death metal genre.

WARFORGED works to put out deep, powerful music and visual content in hopes of pushing the genre forward and providing inspiration for the next generation of metal musicians & songwriters.

MARKETING POINTS:

- 70 minutes of viscerally dreamlike Blackened death metal
- Double LP Color Vinyl

FOR FANS OF: THE CRAMPS, BLACK LIPS, THEE OH SEES

Above the din of revelers crowding local back-bars, whiskey rooms, and pools halls comes an 8-note guitar line, a siren-wail. The crowd is put on notice that something is fast approaching in their rear-view. By the time the rhythm section kicks in, it is on their bumper and gaining speed. The past collides with the present as the ethos of rock n' roll's unpredictability fills the room. Hailed by the Orlando Weekly's Bao Le-Huu as "one of the most exciting new locals seen in a while, they are also one of the most complete, tearing it up like sharpened daggers."

In less than a year, **THE SPOON DOGS** have captured the attention of the Orlando music scene and beyond, playing for crowds that want to experience what is on the horizon. Fast and blistering, their sets are the culmination of a band as tight as vice grips but flexible enough for each member to explore the stage.

Catch **THE SPOON DOGS** as they push the boundaries of 6 strings.

- Hand Numbered
- Limited Edition of 500

KEY MARKETS: Arkansas, California, Texas

FOR FANS OF: DARKTHRONE, MAYHEM, EMPORER, BATHORY,
IMMORTAL, INFEST, WEEKEND NACHOS, CROSSED OUT

TERMINAL NATION come rip, roaring, raging, clawing out of Little Rock with some of the angriest political hardcore tinged with hardcore ever heard. Two songs about gun violence and ICE that is a breath of fresh air as we read the news and feel like the country is getting out of control. NECKBEARD DEATHCAMP on the other side could not be more different but with the exact same civic rhetoric as the flip side but instead sound like they recorded their songs in a Transylvanian cave next to DARKTHRONE. This band dropped an amazing demo last year that got a ton of hype and this antifa black metal outfit from an undisclosed location is back with two songs that are not to be missed. As different as the sides are, I want to listen to them both on repeat until politics in the USA is restored to normal, until this this record will be on full blast.

MARKETING POINTS:

- Hardcore punk A side, black metal B side
- Neckbeard Deathcamp has a huge following
- Both bands have a strong political message

FOR FANS OF: XBRAINIAX, HUMMINGBIRD OF DEATH, NEOS, LARM, ELECTRO HIPPIES, CONCRETE SOX

Tacoma Washington's **SIDETRACKED** has been up and down the coasts, playing fests, putting out dozens of releases, and being an amazing fast hardcore band for almost twenty years and you know the one thing that they are missing? A full length record. From the same label that brought you full lengths from bands like **XBRAINIAX** and **HUMMINGBIRD OF DEATH** that had been so fast they have only graced records from 5"s to 7"s before then, we present to you the first full length by fast hardcore titans **SIDETRACKED**. With angular hooks, false hits, starts and stops, this is pure fastcore perfection. The weirdest thing is you'll want to hear more after you listen to the twenty-four tracks carved into the vinyl on this one. Poised to be one of the most important fastcore releases in 2019, don't sleep on Hollowed Out.
