Following the 1991 release of **HEAVENWARD'S** debut album, *Within These Dreams*, vocalist Stefan Kessel constructed an all-new lineup consisting of former members of the band **VALLYZ**—guitarist Andreas Rippelmeier, Guido Gallus on drums, and bassist Marc Schulz. This formation would go on to create the group's sophomore effort, *A Future Worth Talking About?*—an eight-song outing of superb, hard-edged power metal—issued in 1992 by the Inline Music imprint, Gorgon Records (which would also go on to release material by acts such as Skeptic Sense and Myrmidion Creed).

Unfortunately, meager promotion and the "grunge phase" diminished the album's hopes for success. By 1993, **HEAVENWARD** had gone their separate ways...

But now, over 25 years later, Divebomb Records is prepared to shed new light on *A Future Worth Talking About?* Remastered by Jamie King at The Basement Recording and packaged alongside a typically loaded booklet, this expanded edition of the disc will include six rare bonus tracks—some of which were culled from early-2000s **HEAVENWARD** reunion sessions for what was originally intended to be shaped into a third full-length album. For the fans, by the fans!

- Long out of print collectible first pressing makes this welcome reissue
- Features 6 bonus tracks
- "Hole In The Sky" original recording recently completed in 2018

### INFORMATION:

**ARTIST HOMETOWN:** Finland

**KEY MARKETS:** Worldwide Metal Community

**FOR FANS OF:** STONE, AIRDASH, XENTRIX, MORTAL SIN & GRINDER

**STATUE** was formed in Tuusula, Finland in late-1988, when guitarist/vocalist Ari Anttonen joined forces with a formerly instrumental trio called Blitzkrieg—featuring Jari Vanhanen on drums, and brothers Marko and Mika Moisio on guitar and bass. The quartet quickly set out to self-release their debut 12" EP, *I Don't Mind*, which had been recorded in their rehearsal space; and within the span of 1989 had also won the Finnish music competition Rock SM, as well as appeared on television during the annual Härmärock concert.

The group's lone 10-song full-length, *Comes to Life*, was recorded at a small studio in Malmi, Helsinki in about three days with producer Mikko Karmila (Stone, Airdash, etc.), mixed at the legendary Finnvox studio, and released through Power Records in 1990. Influenced by big names of American thrash such as **ANTHRAX**, **MEGADETH**, **METALLICA**, and **TESTAMENT**, the album was jam-packed with crunchy, high-energy thrash accented by just the right amount of technicality and quirkiness.

Subsequent to the release of the LP, **STATUE** toured throughout Finland with **A.R.G.**, but unsatisfied with the poor promotion of a label mostly known for dance music, the band simply lost steam before the end of 1991. *Comes to Life* would become an obscure treasure—original CD copies fetching hundreds of dollars apiece from collectors—and thus fell victim to the Russian bootleg market...

...but now, almost 30 years later, Divebomb Records is proud to resurrect **STATUE'S** powerful thrash with this band-approved re-release of *Comes to Life*! Remastered by Jamie King at The Basement Recording, the disc includes a thick booklet with archival ephemera and a retrospective interview with frontman Ari Anttonen. For the fans, by the fans!

**FOR FANS OF:** JOHN LEE HOOKER, JUNIOR KIMBROUGH, MORPHINE, REIGNING SOUND

**MR. AIRPLANE MAN** is an amazing band! That is not a personal opinion. That is a shared belief by everyone who has ever seen them play live or has heard their records. There is no other two girl band out there like them. They can be sad and vulnerable and they also can and will kick down your door. These 4 Tracks were produced by Greg Cartwright (**OBLIVIANS, REIGNING SOUND**) and as an added bonus he plays keyboards. Their recent album, *Jacaranda Blue* was recently voted in the top ten releases of 2018 by L.A. Weekly. If I could conjure a flawless band beyond their talent they would have integrity and honest-to-goodness ideals. They would have a reverence for the music that preceded them and aspirations of creating unique cherished moments with every note they play. They would be quite a bit like **MR. AIRPLANE MAN**.

### MARKETING POINTS:
