FOR FANS OF: **PORTAL, ULCERATE, HUMANITY'S LAST BREATH**

Following up their massively successful 2019 release, *I: Voice*, **WARFORGED** is back swinging harder than ever before. With the same experimental DNA that runs through the blood of the music, the band has set out to re-invent the processes and approaches to bring in new colors, emotions, and a sense of honesty to their sound. The addition of vocalist Tim O'Brien has brought the band a sense of clarity amongst the chaos, with his presence as loud as a freight train inches away from your face. At its core, the driving force of the band has still remained the same, to make you feel something in the music.

MARKETING POINTS:

- Guest features from Jordan James (**DISENTOMB**), Rudy Schultz (**THIEVES**), Danny Rodriguez (**ROMAN RING, THROUGH THE EYES OF THE DEAD**)

BANDA DESTRUIDA

S/T, LP

Street Date: October 7, 2022

ARTIST HOMETOWN: Santiago, Chile

KEY MARKETS: Chicago, Los Angeles, SF, New York, Texas, Latin America

FOR FANS OF: **THE MINUTEMEN, NO MEANS NO, NEUROSIS, BIG BOYS, FUGAZI**

"Really great new release la Banda Destruida! BRAVO!" - Mike Watt

"A classic '90s post-hardcore sound with an alternative rock and a mathy feeling that's not afraid to include everything they like, from Latin rhythms to even some synth sounds here and there." - diyconspiracy.net

Beer City would like to welcome **BANDA DESTUIDA** to our roster. Coming all the way from Santiago, Chile. **BANDA DESTUIDA** brings a whole lot to the table. Living and growing up in Chile **BANDA DESTUIDA** has a unique perspective and influence on the music they create. They have an ingenious distinct heavy mix of hardcore/punk, alternative/math rock and even mix in some native Latin rhythms to sound very very unique. Yet their songs are quit powerful and urgent and make you want more. It's a blend like no others are doing , but its pulled off amazingly well.

Living in Chile you better believe they bring the countries condition and experiences of being Chilean into their music. From lyrics (which are all sung in their native Spanish) to music you get a good grasp of what its like there and a glimpse into the thoughts of the people. Also this record is bilingual. It features lyrics, credits and song titles in both English and Spanish.

In short defiantly buy this record cause if you dont you will be missing out on a very distinctive, good intense band.

MARKETING POINTS:

- Praised by Mike Watt of **THE MINUTEMEN**
- Restored and remastered
- Also falls under the category of Latin music which there is a huge market for.
- Advertising campaign in print and online

SURREALIST

Playing God, CD

Street Date: October 7, 2022

ARTIST HOMETOWN: Oshkosh, WI

KEY MARKETS: Worldwide Metal Community

FOR FANS OF: **FATES WARNING, MYSTIC FORCE, WATCHTOWER, TOXIK, ANNIHLATOR, PSYCHOTIC WALTZ**

As **SURREALIST**, the revamped unit continued to refine their core style, entering Signature Sound Studios in Fond du Lac, WI from June to October of 1992 to record their lone outing, *Playing God*, consisting of 33 minutes of technical, progressive, thrash-leaning metal. Unfortunately, despite the obvious quality of the quintet's songwriting and musicianship, the band's continued struggles to gain label interest coupled with dwindling venues to support live performances led them to run out of steam prior to achieving the wider recognition they so deserved.

Finally, three decades later, Divebomb Records is excited to shed new light on **SURREALIST** and *Playing God* through an expanded CD reissue that also includes **MASSAKIST**'s final demo, *Of All That is Seen... and Unseen*, as a bonus—totaling 14 tracks of high-quality output for fans of **FATES WARNING, NEVERMORE, WATCHTOWER**, etc. Fully remastered and restored by Jamie King Audio, the disc comes housed alongside a 20-page booklet filled with photos, flyers, ephemera, lyrics, and an extensive new interview with the band. ARAGON

Aragon (Deluxe Edition), CD

Street Date: October 7, 2022

ARTIST HOMETOWN: Levittown, NY

KEY MARKETS: Worldwide Metal Community

FOR FANS OF: **NUCLEAR ASSAULT, ANTHRAX, OVERKILL, PRIMAL SCREAM, OMEN, E-X-E**

ARAGON formed in Levittown, NY when high school friends Mike Pope (guitar) and Gerry Holz (drums) joined forces with Vinny Ciminera (bass) and Rob Andersen (vocals). Initially inspired by the classic sounds of **MAIDEN, PRIEST, SABBATH**, etc., the four-piece gradually gravitated toward the burgeoning thrash style being fostered by future legends such as **METALLICA**. The initial result of such efforts was “*Dreams of Hell*,” appearing on the Arctic Records Presents compilation in 1986.

Having secured a regional following through opening slots for the likes of **D.R.I., FLOTSAM AND JETSAM, NUCLEAR ASSAULT, OVERKILL**, etc., the band eventually landed at Network Sound Studios in Brooklyn, NY to record their seven-song debut, released on Brokin’ Records in 1988. Unfortunately, Andersen left the band shortly after the album was complete. **ARAGON** attempted to soldier on as a trio, recording two final songs—one with Pope exploring vocal duties—before fading into obscurity. Their lone LP would go on to become an expensive collectible for the most diehard of cult metal fanatics.

Over 30 years later, Divebomb Records is prepared to bring **ARAGON** back to the surface—on CD for the very first time, with “*Dreams of Hell*” and the previously unreleased “Schizophrenic” as bonus tracks. Remastered by Jamie King Audio, expect hard-charging, thrash-tinged heavy metal for fans of [early **ANTHRAX, OMEN**, etc.] As always, the 12-page booklet includes plenty of photos, flyers, plus an interview with the band conducted earlier this year. For the fans, by the fans!

ARTIST HOMETOWN: Switzerland

KEY MARKETS: Worldwide Metal Community

FOR FANS OF: **PARADOX, DEFIANCE, SLAMMER,
MORTAL SIN, GRINDER, ARTILLERY**

Swiss thrashers **APOCALYPSE** formed in 1984 and unleashed a five-song demo the following year, but the quintet didn't really pick up steam until reissuing their initially self-released debut album in 1988 through Out of Tune Records. As with most metal bands of the era, **APOCALYPSE** drew influence from the Bay Area thrash scene - most notably **METALLICA**, going so far as to enlist the talents of long-running producer, Flemming Rasmussen, to handle the engineering of their debut.

A perfectly executed album, *Apocalypse* is chock full of intense riffs upon a foundation of intricate and melodically-charged arrangements. The strengths of the material come as no surprise, given that the band spent several years fine-tuning many of the album's nine tracks. The only metal group signed to Out of Tune—a label owned and operated by darkwave project **THE VYLLIE** - **APOCALYPSE** seemed very much out of place on the roster, and without the support of a label completely devoted to the album's success, the LP slowly dwindled toward obscurity.

But now, years after first tackling a CD reissue in 2016, Divebomb Records is excited to once again present a deluxe edition of *Apocalypse*—including six bonus tracks from early demo sessions - all remastered by Jamie King Audio. In addition to archival photos and a 2016 interview by Konstantin Chilikin of Stay Heavy fanzine, this pressing's 16-page booklet also restores the original **APOCALYPSE** logo and artwork from the very first self-released iteration of the LP back in 1987. For the fans, by the fans!

MARKETING POINTS:

- Second reissue, now containing the original Crash Records edition cover art
- First pressing of Divebomb Records reissue sold out
- Mastering and restoration by Jamie King Audio
- Contains 6 bonus tracks
- Thick booklet with rare photos, band interview and other classic memorabilia
- Limited Edition CD
