HUMMINGBIRD OF DEATH

Full Spectrum Dominance, LP

Street Date: June 9, 2023

ARTIST HOMETOWN: BOISE, ID

KEY MARKETS: California, New York, Texas, Germany

FOR FANS OF: KORO, NO COMMENT, INFEST, DESPISE YOU, NEOS, LÄRM, D.R.I., CHARLES BRONSON

In your hands you hold a whopping forty-six minute, 91 song collection LP of the band's out of print work and unreleased items from 2005-2008. There is not a moment listening to this that your brain catches up. Think of TLAL's past releases of **MAGRUDERGRIND's** 62 *Trax Of Trash* and **XBRAINIAx's** *Hail Fastcore*, this is more of the quality fast blasts that get your heart beating 120 bpm along with the blastbeats. Mastered to help some of the rawer releases flow better. On this you'll find *Diagnosis: Delicious EP*, their split with **I ACCUSE!**, their split with **PILE OF MAGGOT INFESTED VISCERA**, the *Goatmeal EP*, their split with **CHAINSAW TO THE FACE**, their split with **DEAD STARE**, *Works Both Ways*, their original *Lightspeed Demo*, and four previously unreleased songs. Covers across all releases include covers of **KORO**, **SCREECHING WEASEL**, **NO COMMENT**, **INFEST**, **GORE BEYOND NECROPSY**, **COLD WORLD**, and no fast band is without a quality cover of Couch Slouch by **D.R.I.** Some insane full color art from friend and ex-**XBRAINIAx** member Lucas Korte. You get the point, a whole lot of really well done fastcore bands from the aughts, collected and expertly mastered and normalized, all in one place on a limited vinyl LP. If you ever had a **CHARLES BRONSON** patch crudely sewn on your pants, then you're doing yourself a major disservice by not buying this immediately.

- Full color artwork
- Amazing super fast hardcore sound

ARTIST HOMETOWN:

BALTIMORE MD, CLEVELAND OH,

KEY MARKETS:

California, Texas, New York, Sweden

FOR FANS OF:

**GRIEF, CROSSED OUT, NO COMMENT,
CHARLES BRONSON, INFEST, SPAZZ, NAPALM DEATH**

A song about disillusionment, American Scum combines blast beats, chunky grooves, and dual vocals to highlight the dark side of power and trusting the wrong people. Written primarily while touring through Canada and recorded at Developing Nations Studio in Baltimore, **MUSKET HAWK** calls out subhuman scumbags everywhere with a clear message: "No one gets away with it."

GRIN AND BEAR IT It is a musical group that addresses human problems with loud sounds. You, specifically, have sixteen internal conflicts that are tearing you apart right now, damaging your mental health to an irreversible degree. First, you shouldn't have said that to your family, and they're always going to hold it against you, and **GRIN AND BEAR IT** acknowledges this fact for you so you don't have to think about it anymore. The second internal conflict is whether you wasted your day today; should you have done something else, or was all your hard work for nothing? Maybe you spent hours designing and building a magnificent structure that will soon be swept away during an overnight wind advisory. **GRIN AND BEAR IT** knows that you did that, and they know the wind is coming, and they absorb your pain with their loud bashing and rapid screeching. Your third and fourth problem are the two insects that splattered on your windshield on your way home from the drinking party. Oh, you don't drive? Maybe it was the bus's windshield, or maybe they splattered on your bicycle helmet. How would **GRIN AND BEAR IT** know? They aren't omniscient and they aren't stalking you. They don't care about your transportation preferences; they only care that it's bothering you that those two innocent lives were lost due to your eagerness to travel. Your next ten internal conflicts are too private or complicated for **GRIN AND BEAR IT** to process, but, fortunately, you will be able to use their tight, quick tracks as a vague, ominous, and mildly effective balm for your fifth, sixth, seventh, eighth, ninth, tenth, eleventh, twelfth, thirteenth, and fourteenth inner turmoils. The fifteenth internal conflict is whether you should finally see the doctor about that shift in your mind, the changes in your perception, your diminishing ability to process the world around you. Were you exposed to a mass disabling event? Or maybe, and **GRIN AND BEAR IT** agrees with this theory, it's probably a throbbing mass on your brain tissue that could very well be inoperable. The sixteenth problem is more about **GRIN AND BEAR IT**'s specific problem they have with you, and it's relevant to your undiagnosed neurological condition. **GRIN AND BEAR IT** wants you to stop listening to music and go see a neurologist, man...

SIDETRACKED has been crafting chaotic, stop and go hardcore punk for over 20 years. Along with their brand of power violence, in recent times they have also incorporated noisecore. The material found herein starts things off with a noisecore block before launching into a frenzy of fastcore tracks that they are most typically known for.

Taking conceptual queues from bands like **SWANS**, **DYSTOPIA**, and **NOOTHGRUSH** and adding musical complexity and depth to arrive at something disgusting all on its own, **UGLY** is at once melodic, looming, and horrific. **UGLY** builds a tonal environment that is at times, angelic... just long enough to win your trust; then tries to kill you by dragging you to the depths with primal, flesh-upon-gear, rhythmic upheaval of any notion of good faith and wellbeing.

MARKETING POINTS:

- Four killer bands
- Co-release with Unholy Anarchy Records
- Super exciting four way split release

FOR FANS OF: **LOS CRUDOS, SCOWL, PUNCH, DESPISE YOU, INFEST, NAUSEA, DISRUPT**

A great hardcore punk band takes you on a journey, and **VIOLENCIA** brings you on a ride through a series of dystopian tales. Political, angry, talented, and hailing for Tijuana Mexico, **VIOLENCIA** have been tearing it up since 2019 including major tours through the west coast and DIY fest appearances. The band is like a spiritual successor or maybe non-affiliated extension of **LOS CRUDOS**, mixing a pissed political message and Spanish lyrics. **VIOLENCIA** mix dirges with blastbeats for a really varied twelve song 12" EP. Highly listenable, completely varied, and this will be an LP that is over before you know and you will flip from B side back to A and give it another listen before putting it away. In their words "El powerviolence no esta muerto!"

MARKETING POINTS:

- Up and coming band that sounds like a heavy version of **SCOWL** or a more extreme version of **LOS CRUDOS**
- Well recorded, blends fast and slow hardcore punk parts
- All vocals are in Spanish

SEX PRISONER

State Property, 7"

Street Date: June 9, 2023

ARTIST HOMETOWN: Tuscon, AZ

KEY MARKETS: Arizona, Maryland, California, New York, Texas, Germany

FOR FANS OF: TWITCHING TONGUES, INFEST, DESPISE YOU, SPAZZ, NAILS

Here in your hands you hold the ten year anniversary edition of **SEX PRISONER's** *State Property EP*. Hailing from Tuscon AZ, the band folds together sludgy chugging riffs, dramatic chirping noise interludes, and perfected blastbeat parts to get your heart pumping at 150 bpm. *State Property* was originally released on John from **WEEKEND NACHOS'** now defunct label. He was so kind to let us use the original pressing plates to repress this beast in its full original glory. Plenty of the stoic tough powerviolence you crave in nine tracks. Much rawer than their first full length, their old material shows the progression they made as a band with the same song-writing you've come to expect. If you have a favorite football team and love **INFEST** and **HARM'S WAY** then what are you waiting for, this band was hand crafted for you and this EP is a must grab.

- Metallic pantone printed cover
- Sought after band
