It may seem strange that **ELYSIA** and Tribunal Records have partnered together in 2024—10 years since Tribunal last issued a release—but after **ELYSIA** and **KILLWHITNEYDEAD** (fronted by Tribunal founder Matthew Rudzinski) completed their summer tour back in 2007, arrangements were set into motion for Tribunal to nationally reissue **ELYSIA**'s debut album, *Masochist*. As fate would have it, those well-laid plans never came to fruition... until 17 years later, just in time for the 25th anniversary revitalization of Tribunal Records!

Masochist is an album that needs little introduction within the global Deathcore scene, as it's become one of the most sought-after 2000s era collectibles. Original copies will cost you upwards of \$500, if you can even find one to purchase!

This limited deluxe edition CD features all-new artwork by Alexandre Goulet (**ALL OUT WAR, ION DISSONANCE, DESPISED ICON**); a fresh new remaster by Brad Boatright at Audiosiege; plus a 24-page booklet with lyrics, photos, flyers, and retrospective insights from vocalist Zak Vargas.

MARKETING POINTS:

- Only 2000 units were pressed in 2007
- Original pressing fetches \$400+ (if you can find one)
- Includes 7 bonus tracks
- LP reissue first pressing sold 350 copies in less than 60 seconds in February, 100 cassettes sold out in under 2 minutes.
- 24 page booklet with lyrics, photos, plus historical insights by vocalist, Zak Vargas
- New artwork by Alexandre Goulet (All Out War, Ion Dissonance, Despised Icon)
- Remastered by Brad Boatright at Audiosiege
- HIGHLY anticipated reissue - initial release announcement social post (boost-free) created 80,000+ impressions

FOR FANS OF:

**MAN IS THE BARSTARD, PLUTOCRACY,
INFEST, DESPISE YOU**

SUPPRESSION has been eroding eardrums since '92 and are one of the OG power violence mainstays of the east coast. The band has put out over fifty releases out into the world with a vast quantity of those are splits. In the last number of years, the band released the absolutely crushing full length LP *Placebo Reality*. Fast forward seven years to 2024 and we are graced with a brand new twenty-four song full length titled *Spiritual Sepsis*. This seventeen-minute album really takes what they put onto the **BASTARD NOISE** collaboration and hones in that MITB/BN/Eric Wood psychosis sound but with the frantic accuracy we know Jason Hodge can deliver on the bass. If you're less familiar with this band, they are a two-piece and a pure whirlwind of anxiety and ADHD exploding onto the stage. The other piece of the band is Ryan Parrish on drums who has also been in such acts as **DARKEST HOUR, CITY OF CATERPILLAR, IRON REAGAN, and MAMMOTH GRINDER**. **SUPPRESSION** is a band who are super important to the extreme hardcore punk scene, they have innovated throughout the years and really developed their own sound, and we are more than happy to present you with their most exciting full length to date.

MARKETING POINTS:

- Band has been active for 31 years and still tours
- They have been around, played with, and did records with old powerviolence greats like **INFEST, MAN IS THE BASTARD, and NO COMMENT**
- Very well recorded and has the sounds that would appeal to people who like **BASTARD NOISE**
- Amazing artwork by Jason Hodges of the band
- Members of **DARKEST HOUR, CITY OF CATERPILLAR, IRON REAGAN, MAMMOTH GRINDER, UNDER ATTACK, BERMUDA TRIANGLES, OOZING MEAT.**

FOR FANS OF:

SPY, GULCH, INFEST, SUNAMI, DRAIN, GEL, RESTRAINING ORDER

CAVEMAN are back after a scorching demo with their first official EP. The quintet are a set of San Francisco punks looking to throw the craziest show at your friends basement where a number of appendages will inexplicitly make their way through drywall. The band has a member from **SPY** and has that freak hardcore beat, without being quite beatdown, that their area of the country knows how to cook up perfectly. Fans of **GULCH** and **SUNAMI** will be definitely be pulled into this but also people who like **BIG ZIT**. From blasty to well-placed mid-paced parts, this album in six songs isn't going to be enough and you'll flip from side B back to side A in a sitting.

MARKETING POINTS:

- Member of **SPY**, and has the sound of some hyped bands like **GULCH** and **SUNAMI**. Could fit in with people who enjoy **DAZE** or **TRIPLE B**.
- First release since their demo
- Only see big things for this band
