FOR FANS OF: **SPAZZ, SPY, HARM'S WAY, SEX PRISONER, ACxDC, WORLD PEACE**

Oakland's **STRAGGLER** comes out swinging with three tracks of unrelenting violence pressed on a one-sided 7". This EP is a masterclass in controlled chaos; blistering powerviolence speed and precision collide with crushing beatdown riffs that feel like a brick wall hitting you head-on. Fans of **SPY** will recognize the sharp, modern hardcore sensibility, while the heavier moments channel the sheer weight and menace of **HARM'S WAY**, creating a sound that's both fast and punishing.

Every song is a short, explosive statement - no filler, no compromise - just pure aggression from start to finish. The production is raw yet powerful, capturing the intensity of Oakland's hardcore underground. **STRAGGLER** doesn't just play fast; they play with intent, weaving in breakdowns that demand movement and blast sections that leave no room to breathe. Extremely limited to 300 copies.

### MARKETING POINTS:

- Super limited to 300 records
- Convenient one-sided EP to save people from having to flip the record
- Band has a popular sound, sounds like **SPY** mixed with modern beat-down style hardcore

FOR FANS OF: **SONIC YOUTH, CAN, THE FUGS, GUITAR WOLF, LYDIA LUNCH**

**SUR DRONE**'s debut LP, *T.I.T.S.* is a collaboration by renowned graphic artist **RAYMOND PETTIBON** and avant-garde composer **DANIEL ADAMS**. Together, they created an unusual musical album full of lowbrow grit and high-concept levity. Raymond supplied the graphics, wrote the lyrics, and performed as lead vocalist. Daniel wrote and produced the music, played guitar, and recorded it to 24-track analog tape. When indie legend **GEZA X** first heard the results, he gasped "This is dynamite!!" and immediately signed them to **GEZA X RECORDS**. He reeled in his longtime friend **LISA FANCHER** (head of illustrious **FRONTIER RECORDS**) to co-release this high-profile project.

Pettibon's **BLACK FLAG** and **SONIC YOUTH** record covers are well known to any record buyer. A self-taught artist born in Tucson, Arizona, Raymond Pettibon emerged in the late 1970s on the California punk-rock scene, designing covers and flyers for SST Records (founded by his brother, Greg Ginn). He began self-publishing his drawings, which adopted the DIY aesthetic of comics, flyers, and fanzines. His name became synonymous with punk art. Today, Pettibon's modern art museum pieces draw from a wide range of sources, including literature, art history, popular culture, religion, politics, and even sports. The other half of **SÜR DRONE** is Daniel Adams, a multidisciplinary conceptual artist who composed soundtracks for Roger Corman and others. He's a composer, producer and film director based in Los Angeles, California. Adams' guitar work covers a broad range of sounds, from surf-style electric guitar and drones to circuit-bent noise. As a songwriter, his music is a whimsical, rollicking party featuring many guest artists.

### MARKETING POINTS:

- Limited Edition ocean blue and white swirl vinyl limited to 1200 copies
- Debut LP from legendary DIY artist Raymond Pettibon
- All album artwork by Raymond Pettibon
